## Burglar Caught By Officers In Desperate Fight

### Officer Mengel Hit On Head After Gun Misses Fire

A burglar was captured and a member of Redwood City police force came within an inch of losing his life Wednesday evening. As a result of the affair Richard Snow, 22, a truck driver, is in jail facing charges of burglary and assault with a deadly weapon.

Officers Henry Mengles and Sylvester Douglass while making their rounds Wednesday evening noticed a car parked on Hopkins avenue and following their practice of investigating all machines which appear to them to be suspicious, approached the car. Mengles stepped to the side of the machine and opened the door to question the man inside.

As Mengles opened the door, the police report that the motorist thrust a pistol against him and pulled the trigger. The gun failed to fire. Mengles seized the gun and wrested it from his assailant, but not before the man had clubbed him over the head with the weapon. The man in the car was trying to draw a second gun when he was overpowered by the two officers.

An examination of the machine disclosed the reason for the man's resistance to the investigation of the officers. In the car the police report finding what appeared to them to be stolen property. An investigation disclosed that the property was taken a short time before from the residence of S. Reinhard at 721 Brewster street.

Mr. and Mrs. Reinhard were at their store at the time, and the housekeper had taken the children to the theatre. The burglar had entered the house by the front door, which the police say was either unlocked or was opened by means of a pass key.

The entire house had been ransacked. The thief had taken two diamond rings, an emerald brooch, $20 in cash, two children's banks, with small change, a suit case and a fishing coat. The pistol with which he is charged with having attacked the officer was also taken from the Reinhard house.

At the jail, where he was booked by Douglass and Mengels, Snow confessed when questioned by Chief of Police Collins and members of the Redwood City police force and of sheriff's office, that he had perpetrated a number of robberies in this vicinity, including the looting of the Messner Mercantile Company at Belmont.

### Redwood City Commuters May Register Now At Southern Pacific Depot

In order to accommodate commuters in connection with registration wek, County Clerk Elizabeth M. Kneese has arranged to have a deputy meet the trains at the Southern Pacific depot here Thursday and Friday evenings, between 5 and 7; Friday and Saturday mornings between 7 and 9; and on Saturday afternoon, between 12 and 3.

Voters must all register if they expect to vote at any of the elections this year. Saturday is the last day to register for the municipal election in this city on April 14.

County Clerk Kneese will keep her office open for registration on Friday and Saturday nights until 9 o'clock. In addition to the clerk's office, persons may register in this city at the United Sales Agency and at Ryan's Drug Store on Broadway.

## St. Patrick's Day At Menlo Park

St. Patrick's entertainment at Menlo Park on Saturday evening in the Hall of the Nativity promises to be well attended as all the seats have been sold. The program is better than ever. Those attending will enjoy an evening of mirth and merriment. Don't miss this big event. Here are a few of the numbers on the lengthy program.

Thomas Glynn, K. P. O. artist, will sing "The Tumbled Down Shack in Athlone," and Irish melodies.

B. Ney, impersonations.

Al Snider, University of Santa Clara, new songs interpretations.

Lorraine Fiuren, Gaelic dancing.

Alexander Puccinelli "Caroline", composed by himself.

Mary MacMurtrie in specialties.

Dr. J. C. McGovern, a sketch all his own.

Father Flatley, soloist.

Paul Laning, monologue.

Ethel Baldwin, soloist.

A skit by the St. Joseph players, "It'll Be All Right on the Night." Author, James O'Keefe, Jr.; coach, Thomas Glynn. Cast, Rebecca, Ellen Weston; Tom, Joseph McCarthy; Hary, Joseph Sullivan; Gwendolyn, Frances McAtee; Piano tuner, Edward O'Keefe prop, Desmond Sullivan. Dancing after performance.

### Stolen Car of County Assessor Flynn Found

A Ford touring car belonging to County Assessor D. P. Flynn, stolen Wednesday evening from in front of the First Congregational church on Jefferson avenue, was recovered by the police of San Jose in that city the following morning.

## Coastside Union To Fight Permit For Use of Water

### To Form Water Dist. To Prevent Use Of Streams

Residents of the coastside will organize if necessary to prevent the diversion of water from tributaries to coastside creeks. The Coastside Civic Union held a meeting at Pescadero this week and strenuously opposed the granting by the California Division of Water Resources of a permit to George Keyston, William Leib and Mrs. Edith Van Antwerp for diversion of water from streams tributary to Pescadero creek

The Union wrote the state department of public works asking that requests of C. S. Crary for conversion of the headwaters of the LaHonda creek, George N. Keyston and William S. Leib for the conversion of waters from the Corte Madera and Tunitas creeks and that of Mrs. Edith Van Antwerp for conversion of water from Pescadero creek tributaries be promptly denied.

The union opposes the taking of waters from these streams, claiming that the water supply is sorely needed in the areas which the creeks now pass through. They see, despite claims of those desiring to take water that it is for domestic use the eventual development of a water shed for outside uses that would be disastrous to the coastside communities.

The union appointed a committee comprised of J. W. Ferguson, J. C. Williamson and J. V. Souza, to see what can be done about forming a water district to include Pescadero and San Gregorio sections, hoping in this manner to preserve local streams for home uses.

An indorsement of the cross-county highway was voted by the union with the offer to sponsor a bond issue to put the plan across. The next meeting of the union will be the annual session and election of officers and will be held on Halfmoon Bay April 14.

The matter of diverting water from these streams has also received the attention of the county board of supervisors. This body has also written to the state department of water resources, and have protested against the plans of the petitioners for using the water of Pescadero creek. This creek forms one of the main attractions at the county's memorial park, and it states, if the permit be granted to the petitioners, the creek will be dry in the summer time, and also the swimming pool built there by the Boy Scouts.

### POST SEASON GAMES IN VOLLEYBALL LEAGUE

At the request of the members of the Business Men's Volleyball League a post-season series of games will be run off which will cover a period of four more weeks of play.

The eight teams which will participate have been divided into sections of four teams each. The teams in section "A" will be the Exchange, Kiwanians, All Stars and Postoffice. Section "B" will be made up of the Professors, Yomecans, Lions and Titles. The teams in each section will play a round and then the champion of each section will compete against the other.

The last game of the regular play which was postponed between the Exchange and the All Stars will be played on Thursday evening and the result will count both in the regular standing and in the postseason series.

A complete schedule for the post season series is as follows:

**Thursday, Mar. 31**
**Section "A"**
Exchange vs All Stars.
Kiwanians vs Postoffice.
**Section "B"**
Profs vs Yomecans
Lions vs Titles.
**March 20th**
**Section "A"**
Exchange vs Kiwanis.
All Stars vs Postoffice.
**Section "B"**
Profs vs Lions.
Yomecans vs Titles.
**Mar. 27**
**Section "A"**
Exchange vs Postoffice.
All Stars vs Kiwanians.
**Section "B"**
Profs vs Titles.
Lions vs Yomecans.

Any players of Bank of Italy or Engineers will be placed in teams having vacancies.

### Winners At Relief Corps Card Party

High scores at the card party given by the Fraternal Aid Union in the Foresters Hall last Tuesday night were announced as follows: Mrs. L. Hexner, Mrs. B. A. Barteaux, Mr. Kenneth Murray Mrs. L. B. Winiger, Mr. John Clarkin, Mr. H. B. Woodward, Mrs. Bertha Palmer, Mrs. H. B. Woodward, Mrs. H. J. Williams. Mrs. Mary E. Winter was chairman of the committee in charge of the affair.

## THREE COUNCILMEN FILE PAPERS FOR REELECTION

### Beeger, Hildebrandt and Dusel To Stand For Election To Succeed Themselves On City Council

Three incumbent councilmen with terms expiring this year, yesterday filed their nomination papers for re-election at the polls next month. The three whose terms expire are Henry Beeger, William Dusel and Charles J. Hildebrandt.

Following the filing of nomination papers by the three incumbents, the other members of the present city council issued the following statement concerning their colleagues:

**To the Voters of Redwood City:**

Ever since the election of the Board of Freeholders in November 1928, to write a new charter for Redwood City, all the members of the city council then in office, including Mayor Henry A. Beeger, gave their hearty support to the movement which resulted in the adoption of our present charter. The incumbent members of the council advocated its adoption by the people, and since its adoption have given it the most hearty and favorable support that could be asked for.

During the last year, Mr. William J. Dusel and Mr. Charles J. Hildebrandt have been added to the city council, the former by election last June and the latter by appointment to fill a vacancy.

The undersigned, being all the members of the council other than the incumbent candidates for re-election, express to the above councilmen whose terms are expiring their appreciation of the co-operation that has been received from them in giving the new charter and the city manager form of government provided for therein the best oportunity to function well and free from any petty politics or selfish ambitions.

It requires some time for a new councilman to become sufficiently acquainted with public affairs and procedure to be of substantial value to the community. Mr. Dusel and Mr. Hildebrandt have been in office just long enough to make their services of such value to the citizens that it is desirable to retain them in office. Mayor Beeger, as a veteran of the council, has shown conspicuous service in behalf of the city for a number of years and the public should be grateful for his willingness to serve for another term.

It is with pleasure that we recommend to you citizens of Redwood City the retention in office of Councilmen Beeger, Dusel and Hildebrandt to assist us in continuing the successful operation of our city manager form of government and our new charter.

Yours for the further advancement of Redwood City.

P. A. McCARTHY
D. R. STAFFORD
Z. T. THORNING
G. W. McNULTY
Councilmen.

Dated: March 10th, 1930.

### Member of Gardiner's Sales Staff Wins Essay On Trading At Home

"Why it is to my advantage to trade in Redwood City." This was the subject on which William Anderson wrote on in The Retailers' essay contest. Anderson, a member of H. B. Gardiner's sales staff in his men's store, wrote from experience he has had in dealing with customers at his place of business—and won first place!

There are certain definite reasons for trading in Redwood City; one of them being the high class busines houses, such as Gardiner's, made possible by the trade of the local people. The sales people at Gardiner's stores are sold on trading at home, and can give definite reasons for doing so.

## Brother Of Redwood Man Appointed U. S. Judge

### Appointment Made By President For Shortridge

The announcement was made this week of the appointment of George Cosgrave, well-known Fresno attorney as United States district judge to succeed District Judge Henning, resigned. The appointment was made upon the recommendation of Senator Samuel M. Shortridge, by President Hoover.

The new judge is a brother of Attorney David Cosgrave of this city and of John Cosgrave retired, of Lomita Park. He is a member of a pioneer family of Nevada county, and has been practicing law in Fresno for more than 30 years. This is the first political appointment which he has ever accepted.

### Mission "Y" Stamp Club Visits Redwood City

The Sequoia Philatelic Society was given a real surprise on Tuesday evening when the Mission "Y" Stamp Club paid the local boys a visit. At the request of the San Francisco boys, Roy A. Hohberger gave briefly the system that is being followed by the local club in developing their interest in this hoby.

Ed Hunt, the leader of the Mission group, told the boys some very interesting experiences that he had in taking a group of boys to China Japan and Korea. He also extended a special invitation to the members of the local club to be guests of their club in San Francisco at a meeting to be held on Tuesday, March 25th.

The local club agreed to be on hand at this meeting and will present an interesting program in addition to being prepared to trade.

### *Three Men Hurt In Crash With Truck*

Three Redwood residents were slightly injured Tuesday, when a car in which they were riding, overturned, following a collision with a truck on the Woodside Road. The car was driven by Alden Anderson 797 Arguello street, and in it with Anderson were John Rubiales and Jesse Rodriquez, both of this city. All three suffered cuts and severe bruises.

The truck was driven by Jacob Multer, 19 Sycamore street, San Francisco. Multer was not injured. The injured men were treated at the Community hospital.

### *San Francisco Man Is Kiwanis Speaker*

Members of the San Francisco Kiwanis club paid a visit to the Redwood city club, Wednesday, at the latter's regular noon meeting in the Sequoia Hotel. The president of the San Francisco club, Paul Eleil, acted as chairman of the meeting, and was introduced by Roscoe Stephens, president of the Redwood City club.

The speaker of the day was George Filmer, governor last year of the California-Nevada district. Incidents in his term as governor were recalled in an interesting and entertaining manner by the speaker. During his year in office he had visited 90 clubs of his district, generally selecting clubs in isolated districts which are apt to be left out of inter-club activities.

### Y. L. I. Annual Holy Communion March 23

The members of Notre Dame Institute, Y. L. I., are making preparations for their annual Holy Communion and breakfast Sunday morning, March 23. The Communion will take place at Mt. Carmel church at the 8 o'clock mass and will be followed by the breakfast at the Fox Shoppe at 9:30.

The following committee is in charge of arrangements: Mrs. Lucy Jenkins, chairman; Mrs. Alice Fitzgerald, Mrs. Louise Fox, Mrs. Elizabeth Hartney and Mrs. Louise Jenkins, Jr.

### Y. L. I. Institutes To Hold Big Dance Here April 26

The Young Ladies Institutes of this district are planning a big dance at the Emerald Lake Golf Club in this city on Saturday evening, April 26. Institutes from all the organizations between San Francisco and San Jose will participate. The proceeds of the dance will be used to defray the expenses of the annual district meeting, which will be held at Mountain View early in May. The committee to have charge of the dance will be announced later.

James Dunn, a nephew of Mrs. L. B. Winiger and a grandson of Mrs. Hamil, is a visitor at the Winiger home from Montana.

Mrs. Ruby Blomquist entertained the members of her birthday club at her home on Beech street Wednesday. The table was artistically decorated in St. Patrick colors. Her guests were Mrs. Anna Chidester, Miss Sally Nelson, Mrs. Charles Locker Mrs. C. O. Leach, Mrs. A. Martin, Mrs. Donald MacKenzie, Mrs. Mary Moore, Mrs. F. Ridell, Mrs. D. K. Fraser, Mrs. Lee Pipkin and Mrs. Ada Gray.

## Eight Arrested In Police Move On Boy Bandits

### Juvenile Crime Ring Charged With Robberies

Five boys arrested in Sann Francisco by San Francisco police are suspected of having had a part in the burglary of the San Mateo Tobacco Company in San Mateo Sunday night, at which time $2000 worth of merchandise was stolen. The five boys arrested in San Francisco are believed to be part of a gang responsible for a series of store robberies and school burglaries committed throughout the bay district.

In addition to the boys arrested, five others are under observation by the police in the belief that they might be a part of the juvenile crime ring, and five men suspected of accepting the stolen goods were also watched. Later three of the suspected boys were also arrested.

Police investigation of the operations of the gang have lead to the belief that it has not only been responsible for numerous crimes in this vicinity, but that it may also have ben responsible for a number of crimes in Los Angeles and other parts of the state, as well as a number of automobile thefts.

## Dudley Moulton Talks On Trip For S. A. Trade

### Speaker One of Party Recently Returned From Tour

The story of his recent trip to South America in the interest of American commerce was interestingly told before members of the Redwood City Exchange Club Tuesday evening by Dudley Moulton, horticultural commissioner of San Francisco, and a resident of this city. The speaker was one of a group of businessmen and scientists who went as "trade ambassadors" to South American republics to help build reciprocal trade between the United States and the South American states. A series of articles concerning this trip and written by Dudley Moulton appeared in the Times-Gazette immediately following his return.

The speaker briefly outlined trade conditions on the southern continent and told many interesting and amusing incidents connected with his trip. He was warmly received in the southern countries, and he and his commission did much to establish better understanding between the United States and her neighbors.

Among the interesting incidents connected with the trip was a series of experiments made by the party with short wave length wireless communication. While conducting these experiments the party picked up the Byrd expedition at "Little America" in the Antartic. They told Byrd that they had a cargo of California fruit aboard their ship and that if he would sail north to the Magellan Strait they would give it to him. Byrd's immediate reply was, "Change your course and come on over, we will gladly accept your fruit."

The speaker has been connected with the entomological work of the state for many years and is considered one of the leading authorities in California on entomological and horticultural subjects.

Moulton told the Exchangites of the plans for a Pan-American Reciprocal Trade Conference, which is to be held in Sacramento in connection with the state fair this year. This conference will be held as the result of Moulton's efforts to increase trade with the South American and Central American states.

The chairman of the meeting was John H. Poole. Roger Lintner, who has one of the leading roles in the Sequoia senior presentation, "The Romantic Young Lady," which is to be presented tonight, was present and told the club men about the play. Sid Moore, one of the proprietors of the Nipa Hut on the highway, related his life's history which proved to be one of the features of the evening.

Al Davies presented a gift from the club to Emil Hendrickson, who was recently married. Carroll Hall was named by President Wilbur Doxsee on the committee from the club to assist in plans for Public Schools Week. Roy Bissell, James Hearne and Kendall Towne were appointed to arrange the club's annual Community Week.

Mr. and Mrs. Herbert Treichel spent the week-end visiting in Merced. They returned home Monday.

Mr. and Mrs. John Polglase leave tomorow for Nevada City and Grass Valley, where the will spend a vacation of two weeks.

### *The Value Of Business Concerns To Redwood City*

EDITORIAL

The other day we overheard a stranger remark while standing in front of one of the best establishments in town, "My, that man is certainly fortunate to have business of that kind in such a good locality."

"Lucky" was hardly the word we would have used in connection with that business, for we knew the inside story of how and why that particular merchant had made an outstanding success of his business.

Of course, that merchant was fortunate in choice of business and location, and owed much to the community and the surrounding trade territory for the patronage and support which he had received. But, (and this thought occured with startling force,) our town owed much to that progressive merchant, too. He is rendering a distinct service to all of us, and is bettering our town materially, with his business and through his personal efforts.

With the advent of good roads and rapid transporation, the changing merchandising conditions, our town has been thrown into competition with other towns which in former years were considered too distant to offer trading facilities to the people in this district. Our competition from other communities has increased, but on the other hand, our potential trading area has been greatly expanded. In fact, it is possible for our town to draw business from several times the size area of former times. Our opportunities have become greater. The progressive merchant referred to by the stranger has been one of those who have grasped the opportunity and is bringing business and friends from distant places to our town.

Individually, and as a town, we owe him much, and his value to us collectively, as a community asset, cannot be overestimated.

So, too, with the other business concerns, and the professional men of the town. Most of us cheerfully acknowledge our indebtedness to them by giving them all the assistance we can, and as much of our patronage as possible.

## Redwood To Open Ball Season Sun.

Weather permitting, the 1930 baseball season will get under way next Sunday with the four teams composing the local league playing in the morning and the afternoon on the Sequoia High School diamond. In the morning the Firemen and the Eagles will cross bats and in the afternoon the Native Sons and Y. M. I. will clash.

Batteries announced for the morning game, which will start at 10 o'clock, are Prusch and Fleishman for the Firemen and Hallett and Johnson for the Eagles. In the afternoon Joe Botto, former Sequoia high school pitcher, will start the game for the Y. M. I., with Bill Williams as his battery mate. For the Natives Deputy Sheriff "Buster" Quinlan will occupy the mound and Paul Bartolemi will be behind the plate.

The league officials will meet this evening at the office of Justice of the Peace Edward I. McAuliffe on Broadway to complete final arrangements for the opening games. Chas. Curran is president of the league.

### San Carlos Man Takes Charge of "49" Club

H. W. Mahany of San Carlos has taken over the leadership of the Forty-Niner Club of Palo Alto which is made up of boys 12 to 15 years of age under the program of the Young Men's Christian Association. This club has twenty members enrolled and is doing a splendid piece of work in its activities. The boys are busily engaged in working out their club projects.

Jim Edling was awarded his gold Pioneer Button and Jack Price his silver button on Tuesday evening at the regular meeting of the club.

Mr. Mahany gave the boys special instructions in first aid as a part of the work of the club meeting at this time.

## Bayshore Bus To S. F. Cuts Time 15 Minutes

### Half Hour Service To Be In Addition To Highway Route

Motor coach service over the Bayshore highway from San Francisco to South San Francisco, Mills Field, Burlingame and San Mateo and thence to San Jose via El Camino Real, will commence at 6 a. m., Monday, March 17th, according to an announcement made yesterday by T. B. Wilson president of the Peninsula Rapid Transit Company and Pacific Auto Stages, Inc.

The new schedules call for a San Jose bound motor coach to leave the Pickwick terminal at 5th and Mission streets in San Francisco every half hour beginning at 6 a. m. during the day and evening until 9 p. m., after which time the service will be hourly, the last coach leaving at midnight. The same time schedule will be in effect from San Jose north.

"Additional schedules and additional coaches will be placed in service whenever the traffic warrants," said Wilson. "The service to become effective next Monday is but the start of what we hope will prove so popular a mode of travel between San Francisco and peninsula communities that we shall soon be justified in having a more frequent service over the new route. Passenger comfort is going to be a prime consideration, as will be evident when the new 33-passenger motor coaches now in the process of construction are installed in the San Froancisco-San Jose service."

According to H. A. Wooster, general traffic manager for the companies, the Bayshore highway service is to be in addition to the local service now operated over the El Camino Real via Colma and is a through service from San Francisco to San Jose without the necessity of the passenger changing coaches along the route. No changes in the frequency of the local service via Colma are contemplated. The Bayshore route will cut off 15 minutes from the present running time to Burlingame and San Mateo and points south.

One of the most important features of the Bayshore routing is that Mills Field, without transportation service since its inception, will be quickly accessible from the north or the south, whereas heretofore practically the only mode of reaching the field was by private automobile. The fare from San Francisco will be 25 cents.

When informed of the date that service would start to Mills Field, Supervisor E. J. Spaulding, chairman of the airport committee of the San Francisco Board of Supervisors, stated that improvements to handle the new facilities would be started immediately.

"I am glad to welcome this motor coach transportation," he said. "San Franciscans will become better acquainted with their municipal airport and see for themselves just what progress is being made toward building an air field worthy of their city. We are now building a suitable roadway from the Bayshore highway into Mills Field so that the vast number of Sunday visitors expected may be safely discharged from motor coaches."

### Rainfall This Season Exceds Recent Years But Falls Short of 1878

The rainfall up to date is about thirteen inches. This is ahead of last year and the previous at this season. In looking over the old files of the Times-Gazette it is learned that in the year 1878 the rainfall was 28 inches and that during February of that year the rainfall was nine inches. In 1877 the precipitation at Pigeon Point was thirty-six inches. It may been seen that the early years had a far greater rainfall than in recent periods. The weather man will lhave to explain the reasons for this discrepancy.

## Sure Sign of Spring in the Capital City

When these pretty secretaries to members of congress were seen eating their luncheon out of doors in the shadow of the great dome of the Capitol it was certain that spring had arrived in Washington. They are, left to right: Olivia Stevens, secretary to Representative Bankhead; Mamie Hale, secretary to Representative Jed Johnson; Ann Evens, secretary to Representative Kemp; Evelyn Lang, secretary to Representative Buckbee, and Nancy Dean, secretary to Representative Simmons.

## Design for the Wright Memorial at Kitty Hawk

After carefully considering 35 designs, submitted anonymously, a jury of award has selected this plan for the Wright memorial which has been authorized by act of congress and which will be erected at Kitty Hawk, N. C., to commemorate the first successful human attempt in all history at power driven airplane flight, as achieved December 17, 1903, by Orville Wright. The judges praised the "extreme simplicity" of the winning design, which is the creation of Robert P. Rodgers and Alfred E. Poor, New York architects.

## SOLICITOR GENERAL

Thomas Day Thacher, judge of the United States court for the southern district of New York, was nominated as solicitor general of the United States to succeed Charles Evans Hughes, Jr., who retired because of the selection of his father as chief justice of the Supreme court.

## FOR GOTHAM'S POLICE

Architect's drawing by Joseph Freedlander of the proposed new headquarters for New York's police department. The building would be in the midtown section on a plot about 200 by 300 feet and would cost $8,000,000.

## Senator Smoot a Great-Grandfather

Senator Reed Smoot of Utah, chairman of the senate finance committee and one of the leading powers of the upper house, photographed with his first great-grandchild, little Miss Alice Chambers, daughter of Mr. and Mrs. Frederick Chambers. Mrs. Chambers was Alice Smoot, daughter of Harold Smoot, son of the senator.

## AROUND THE WORLD

Suicide are about three times as frequent among men as among women.

A monthly newspaper published by students of Alaska college in Fairbanks has attained a circulation of 4,000 in the northern territory.

What is said to be the first Chinese daily founded in America is still published by its first editor, Dr. Ng Poon Chew, in San Francisco's Chinatown.

Alaska now leads the world in the number of airports and landing fields in comparison to its population. With some 60,000 people and 65 airports, Alaska has one of the latter for each 908 inhabitants.

Spectacles to aid sight were invented before the Thirteenth century.

It is estimated that the normal mortality of young birds is about 50 per cent.

Race horses increased more than five inches in average height between 1700 and 1850.

The present freshman class of Dartmouth college is the youngest in the school's history. It averaged 17.86 years. The youngest 1933 student is fifteen, and the oldest twenty-four years old.

A diamond ring worth $600 was stolen from his wife, Henry Stelza of Yonkers, N. Y., says. Later Stelza received a pawn ticket from the thief, who said that he had pawned the ring for $75.

## CALIFORNIA NEWS REVIEW

A new survey of proposed sites for the $575,000 federal building to be erected at San Pedro will be made soon.

A reduction of 18 per cent in the electric agency rate for street lighting was announced by the Southern California Edison Company, saving the City of Visalia $1000 a year.

Southern California Gas Company applied to the Railroad Commission for authority to exercise franchise rights for the distribution of gas in the city of Ceres, Stanislaus County.

Ted Peoples, Santa Rosa aviator, has been named Sonoma County's first "flying cop" for the enforcement of California's air navigation laws. Unlicensed planes have been ordered "grounded."

Creation of a county planning commission, the object of which is to make plans for growth outside of incorporated city limits, has been approved by the Board of Supervisors. Members of the commission will include Vaughn D. Whitmore, chairman of the board, the county surveyor and district attorney and six other members to be named by the board.

The Bells of Solano County Exposition will be held at Fairfield this year. The expedition will open May 24 and will close June 1. John R. Thornton, sheriff of Solano County, will be general chairman of the exposition. D. A. Weir will be secretary and manager. The exposition will include a farm and home appliance show, a products show, a style show, a food show, a junior live stock show, a motor car and truck show and art and educational exhibits. A unique feature of the exposition will be the elimination of the "complete carnival," often deemed necessary to save the ordinary fair from financial loss. A pageant play, depicting the progress of Solano County and the state of California, from the pioneer days to the present time, will be presented every afternoon and night in a special tent.

California building and loan associations must not, under the law, invest more than 25 per cent of their assets in straight loans, decreed Attorney General U. S. Webb in an opinion to Charles A. Whitmore, state building and loan commissioner. Webb, in his opinion, pointed out that the scope of these associations was to make loans on the mutual or deferred payment plan to home owners. "Building and loan associations are organized to encourage industry, frugality, home building and savings among members and shareholders," Webb commented. "They have limited powers and occupy a different relationship from banking institutions."

Southern Marin County civic leaders hailed with joy the news that Tiburon would have direct ferry service with San Francisco within the next few months. The Southern Pacific-Golden Gate Ferries Ltd., will start the service as soon as a new highway link is completed. At the present time, commuters are forced to transfer at Sausalito when en route to San Francisco. The highway will be constructed by the state department of public works immediately, Assemblyman Charles Reindollar of San Rafael stated.

Three hundred bluejays were killed recently when the Mokelumne Fish and Game Protective Association, an organization of Lodi sportsmen, staged a drive on predatory birds on the game preserves on the Mokelumne River between Lockeford and Clements. The preserve was stocked with pheasants by the Lodi club.

It requires 15,000 specialists to keep California beautiful. This was an estimate of the number of beauty specialists, hairdressers and others. A big share of this number minister to vain men, says J. F. Collins, director of vocational standards. In addition to beauty specialists, there are 17,612 barbers doing their bit.

With the nation's 1930 tourist travel already heading westward to the scenic frontiers of California, state and private agencies spurred their campaign against unsightly billboards along highways. After a conference with highway officials, Mrs. Charles N. Felton, chairman of the newly organized California Committee for Restriction of Outdoor Advertising, announced a statewide campaign to recruit adherents to the anti-billboard movement. "It is not fair to allow a comparatively few business concerns to litter hilltops and creekbeds, forests and pastures, mountain passes and desert wastes, with their huge, glaring placards, which have multiplied to such an extent that they have become the foundation for national ridicule. California is growing to such an extent that unless war is declared against roadway advertisers in real earnest it will not be long before unmarred scenic beauties will likewise fall prey to the signboard artist and outdoor paperhanger," declared Mrs. Felton.

Napa county will receive $103,000 from the State for its schools for the fiscal year ending June 30, according to figures given out at Napa.

Crude oil from the Kettleman Hills field will be assessed at 72 cents per barrel, members of the San Joaquin Valley Assessors' Association decided at a meeting at Fresno. Oil of 20.9 or less gravity will be assessed at 25 cents, below 26.9 at 40 cents and over 26.9 at 50 cents per barrel. Oil in storage will be assessed at the same rate as last year. No changes were made in the pipe line or pumping station assessments.

Voters of Huntington Beach have approved by a six to one vote the expenditure of $122,000 for repair and extension of its municipal pier, built in 1914.

Valley Motor Lines, Inc., applied to the Railroad Commission for authority to issue and sell 540 shares of its common capital stock, par value $100 per share, for the purpose of financing the acquisition from George G. Harm, its president, and Harold B. Frasher the operative rights and properties of the so-called Valley Motor Lines, operating between San Francisco and Fresno.

The Railway Express Agency Inc., applied to the Railroad Commission for authority to abandon its agency at Brighton, Sacramento County, and also its agency at Towle, Placer County.

The U. S. Chamber of Commerce, meeting in April in annual session, will have before it a resolution from its member chamber in Visalia asking its support in federal aid for the California statewide water project.

Rival claims of two old-time clocks are expected to be outdone with the bringing forward of additional clock records at Nevada City. One of the old-time clocks has ticked the minutes and hours for more than 60 years while in the possession of Mrs. Sarah Odgers. The other clock, a gift to Mr. and Mrs. J. R. Williams on their wedding day, was recently brought forward at the fifty-third anniversary of the wedding as an example of continuous operation.

Three hundred aged indigents of Fresno County will benefit from a $14,000 appropriation set aside by the Fresno County Supervisors. The relief work will be carried on under the direction of A. W. Louch, director of the Fresno County department of public welfare.

Members of the American Legion at Eureka, who have announced plans for a $100,000 memorial building, will study a report of the special traveling committee, which returned recently from a tour of northern and central California cities. Richard and George Cloney, Dr. B. A. Peterson, commander of the Legion; B. H. Bartlett and Dayton Murray visited memorial buildings in Chico, Marysville, Stockton, Sacramento, Oakland and other cities.

Chenery reservoir of the California Water Service near Clyde, will be drawn on by May 1 for water to supply the Contra Costa area served by that company, according to announcement. Over 200,000,000 gallons of water are now stored in the billion and a half gallon storage reservoir created by digging out a large level area near Clyde and throwing up earthen embankments. Water is being pumped from Mallard Slough, on the San Joaquin River, through a 36-inch line and will be drawn from the reservoir through an 18-inch line to the Galindo pumping station. Contract for this line has been awarded and the filtration and chlorination plants are now near completion.

The Oak street school at Red Bluff, constructed sixty years ago, may shortly become that city's veteran's memorial building, as a result of plans proposed by those now working on the memorial building project. The school and grounds will be abandoned as soon as a new school now under construction is completed, and it has been proposed that $25,000 now available for memorial building purposes be applied to the purchase and remodeling of the school.

Plans for a new interurban station at B street, San Rafael, were approved by the San Rafael City Planning Commission. Work on the depot will start soon, Northwestern Pacific Railroad officials stated. Extension of A street, from Third street to the station grounds, was announced.

Thousands of California real estate salesmen have either decided to sell something else during 1930 or are operating in direct violation of State law. T. A. Kelly, deputy State real estate commissioner, announced that out of 37,561 real estate salesmen licensed by the State last year, only 9,150 have taken out 1930 licenses.

Construction of the new $600,000 San Jose Hotel is expected to start immediately, following the letting of contracts for the structure. C. N. Swenson received the general contract for $160,000. Chris Berg of San Francisco received the plastering contract for $42,000, and the San Jose Hardware Company the hardware contract for $41,000.

For $3.90, spent for nails, James Bollinger has equipped the Easy Money mine at Challenge, 25 miles east of Marysville, and has opened up a vein of paying ore. The mine building, put together with the nails, is of lumber hewn from surrounding forests. Four junked auto engines, overhauled by Bollinger, provide power for the mine hoists, his home-made stamp mill, mine hauling and for a tractor to haul mine timbers. A junked auto generator, driven by a home-made waterwheel charges the radio batteries of Bollinger's five miners.

Plans for construction of a highway bridge across the Russian River moved a step nearer completion when a delegation representing supervisors of Sonoma, Marin and Mendocino counties and the shore line highway district appeared before the state highway commission recently, saying it desired construction of a toll bridge over the river under the provisions of the 1929 Legislature's toll bridge act. Cost of the structure was estimated at $180,000.

When the waters of the Little River threatened to wash away a railroad company's beach track near Eureka, the officials ordered a dredger to prepare a new channel for the stream. The contract was let and in a few days the Little River will flow to the sea through a new bed.

The War Department at Washington announced that the rivers and harbors board and the chief of engineers concurred in approving the proposed extension of the channel of Suisun Bay from Martinez to Antioch.

California's second and final apportionment of State Educational Funds to local school districts for the 1929-30 fiscal year will total approximately $26,400,000. Vierling Kersey, State superintendent of public instruction, announced. Of this $19,400,000 will go to elementary schools, $6,400,000 to high schools and about $753,800 to junior colleges.

Organization of a unit of the national guard in Eureka was authorized by Adjutant General R. E. Mittelstaedt of the California National Guard.

The bed of Goose Lake near Alturas was filling up and it was believed spring rains might raise it to a much higher level. In past years, Goose Lake, when full, was the second largest lake in California. At places it was more than sixty feet deep.

Work on Stanford's new $225,000 gymnasium for women will be commenced about the middle of March, it was announced by Almon E. Roth, University comptroller.

Insures Your Complexion
Some Women Are Always Admired
You too want to be lovely and admired
You can have a radiant complexion and the charm of youth if you use MARCELLE Face Powder.
MARCELLE Face Powder quickly matches your complexion and brings out the sweet charm that every woman has.

**The Wrong Hand**

Old Lady—If you really want work Farmer Gray wants a right hand man.

Wanderer—Jus' my luck, lidy—I'm left 'anded!—Passing Show.

**YOU HAVE A DOCTOR'S WORD FOR THIS LAXATIVE**

In 1875, an earnest young man began to practice medicine. As a family doctor, he saw the harm in harsh purgatives for constipation and began to search for something harmless to the sensitive bowels.

Out of his experience was born a famous prescription. He wrote it thousands of times. It proved an ideal laxative for old and young. As people saw how marvelously the most sluggish bowels are started and bad breath, headaches, feverishness, nausea, gas, poor appetite, and such disorders, are relieved by the prescription, it became necessary to put it up ready for use. Today, Dr. Caldwell's Syrup Pepsin, as it is called, is the world's most popular laxative. It never varies from Dr. Caldwell's original effective and harmless formula. All drugstores have it.

**Deserved Status**

Alice, four, said to Rose, five—"Is your dress new?" Rose replied—"Oh, yes! It has been new a long, long time."

If you wish beautiful clear white clothes, use Russ Ball Blue. Large package at Grocers.—Adv.

Most children grow up to be good people. Don't be alarmed.

***Girls, be Attractive to Men***
*Nature Intended You Should Be!*

If your stomach and bowels do not function properly, the bloom of youth rapidly disappears. Doctor Pierce's Golden Medical Discovery usually meets the need. It invigorates the whole system, corrects the irregularities of the digestive organs and makes the blood redder. You have pep, vigor and vitality. Your eyes sparkle—your complexion clears up and the bloom of youth is yours. All druggists.

Write to Dr. Pierce's Clinic in Buffalo, N. Y., for confidential medical advice. There is no fee.

**After Nervous Breakdown**

"I had a nervous breakdown and could not do the work I have to do around the house. Through one of your booklets I found how Lydia E. Pinkham's Vegetable Compound had helped other women and I went to the drug store and got me six bottles. It has done me good in more ways than one and now I work every day without having to lie down. I will answer all letters with pleasure."—*Hannah M. Eversmeyer, 707 N-16 Street, East St. Louis, Illinois.*

# What the Automobile Means to Us

**TWENTY-FOUR ODD MILLION gasoline driven vehicles are on the streets of America today! An average of an automobile for every family in the United States!**

**"Four wheels and a motor" have speeded up our lives, and made big changes in our mode of living. It is safe to say that the automobile has BETTERED our opportunities and RAISED our standards of living.**

**With the automobile has come good roads; thousands of miles of hard surface paving. The isolated town is rapidly becoming a thing of the past. Trading territories have become larger, community competition keener. There are many who may decry the fact that the hard roads take business OUT of town. They are overlooking the fact that these hard roads lead BOTH DIRECTIONS. That the same road that leads OUT OF TOWN ALSO leads INTO TOWN! Greater opportunity, with larger markets, exist today for us because of the automobile.**

**The automobile has passed from the luxury class almost to the necessity class. Many families are finding it economical to have more than one car in the family; in many cases, a car for every member.**

**As a community, we have been benefited greatly by the increased usage of the automobile. It has widened our scope, and extended our boundaries. It has increased our business and pleasure. On the other hand, it has created keener community competition AS WELL as greater opportunity.**

**The community that makes the MOST USE OF THE AUTOMOBILE today is the community that will derive the GREATEST BENEFIT from the opportunities it offers and brings to us.**

***The Automobile offers US greater opportunities and a BIGGER MARKETING AREA. Let's get the most possible benefit for***

## Our Highway Civilization

Paved, all-year-round highways have done much to remove country and state barriers and link the nation closer together.

Fifty years ago it was not uncommon for a person to be born, live and die without traveling a hundred miles from his community. Now, due to the automobile and good roads, we can travel hundreds of miles in a day. The entire nation can be crossed in a week.

The result has been a lessening of sectional jealousies and misunderstandings and more frequent and friendly social and commercial contacts between peoples of different states. Provincial America is no more.

Unfortunately, the farmer has, to a great extent, been left out of the picture. The average farm road is still at the mercy of rain and snow. It is often a succession of ruts and mud holes. It is a barrier between the farmer and his market.

Road building programs should provide for an adequate mileage of feeder or farm-to-market roads. Year-round, efficient, long-wearing surfaces can be constructed at a low cost and without excessive maintenance expenses. Good roads are the principal thing necessary to place agriculture on an equal footing with other great industries.

## Loses Bet—And His Car

A certain gentleman bet his friends he could drop a lighted cigarette into the gasoline tank of his car and that the cigarette would simply be put out. His friends took him up and the test was made.

When he dropped the cigarette there was no hesitation or delay—he lost his bet and his car, too. All he gained were some painful burns, a lot of excitement and an entirely new knowledge of the properties of gasoline!

Perhaps the gentleman had read somewhere that liquid gasoline will not ignite—an exceedingly dangerous half-truth. You can't have gasoline in an open vessel without also having the deadly dangerous gasoline vapor. And the glowing butt must first pass thorugh the vapor, which is ignited by the smallest of sparks!

This incident should be a warning to all that gasoline ignites easily. Great property damage results every year from accidents with petroleum and its products and from their misuse. Reports to the National Board of Fire Underwriters for the year 1928 indicated a total fire loss from this cause of over $15,250,000.

You wouldn't play with dynamite. Give gasoline the same degree of respect!

## Speeding Up the World

Probably the principal contribution of the telephone to the industrial age has been its speeding up of business and social contacts.

In this day, with wires carrying our messages in a few seconds to the grocery store around the corner, or to a great European capital, it is almost impossible to imagine a world without its telephones. The time when human contacts could be made only by letter or word of mouth seems as far away as the Golden Age of Greece.

The vast and complex ramifications of our industrial and social structure could not exist today without telephone communication.

## Drinking Drivers

The loss of life from automobile accidents is appalling. Probably half of them come from some fool driver who has taken a drink or a brace of them before taking the wheel.

It is good for the dangerous breed that a drunken woman who ran over a young man in Hutchinson, last week, and killed him, has been arrested, and has a charge of manslaughter hanging over her.

A bishop declares that the modern girl, is not indiscreet. At least not when a bishop is hanging around.

## Recall All Advising Admirals

Great was the satisfaction of the world's public when American President and British Premier agreed to arrange for a real disarmament conference in London. Diminution of its tax roll and death toll seemed in sight.

But hearts and hopes suffered blight when it was announced that Admirals were to be much in evidence as "advisers" to the statesmen delegated to represent the various nations invited. It seemed most unlikely that these advisers would volutarily perform professional hari-kari by reducing the fleet of fighting ships, and therewith their own emoluments. That would not seem to them good business. Moreover, as the cobbler thinks there's "nothing like leather" so the Admiral deems there's nothing like a big navy, second to none in the sea. To them it made no matter that every nation had solemnly sworn at Paris never to engage in aggressive war. To them statesmanship is far less trustworthy than seamanship!

So it proved that instead of the statesmen delegates advising — nay ORDERING —the Admiralties and Admirals, as would seem the proper relation, the reverse has ruled and the time seems so far wasted over chaffering and dickering as to what constitutes "parity" and due proportion; and repetition of Geneva's failure seems imminent.

So let all the Admirals be recalled and the statesmen directed to perform their mission to accomplish mutual DISARMAMENT. Don't have the Conference fizzle out in futile fuss and fatal fiasco.

EDWARD BERWICK,
Pacific Grove, Calif., U. S. A.
March 4, 1930.

## The Spring Quest

Once more is drawing near that time of the year when many an individual has reason to regret that he or she has not completed a course in memory training.

Twice a year every household undergoes a seasonal readjustment. In the autumn, summer things are packed away and winter things come out; in the spring, winter things are packed away and summer things are again put into use.

Now, all careful people are particular to put things away just where they can reach them. When they put them away they know just where everything is, but six or eight months later the question is, "Where?"

Soon will begin the great vernal hunt for the screws that hold the screen doors on their hinges, the springs for said doors, the screws and tackle for the awnings, the oil can for oiling the lawn mower, the garden tools and left-over seeds from last year's planting. Everything is somewhere, but that some place has a tantalizing habit of being the last place one would think to look.

Householders are at fault in that they do not realize the gigantic task involved in putting things away and taking them out. One doubts that there is an efficient enough memory course to solve the univarsal problem, and there are just as grave doubts that there is an office index system with enough cross indexes to end this exasperating game of hide and seek.

## Lock Your Car Doors

Motor car companies are urging buyers to lock the car doors as well as the ignition or steering wheel apparatus when they park cars on the street. Thieves who find car doors locked against them generally give up because breaking involves too much noise and attracts too much attention. Getting motorists to lock their cars at all, however, is not an easy job. Some of them get the notion that locking cars marks the moroists who do it as greenhorns. Leaving the car unlocked is a grand gesture of indifference to theft and loss of car.

## Taxes and Naval Limitation

Entirely aside from its significance as a move toward permanent world peace, the naval limitation conference in London, if successful, will have a salutary effect on the tax situation in the five major nations.

The navy is one of our most expensive institutions, and at present absorbs $1,200,000,000 of tax money annually. The life of a navy is about twenty years.

A battleship of 35,000 tons costs approximately $40,000,000. A 10,000-ton cruiser costs $17,000,000 and a 2,000-ton submarine costs $6,000,000. In addition, the cost of manning and operating these ships must be considered. It can be readily seen that aggressive naval limitation will be of great value to the struggling taxpayer.

A professor estimates that only one person out of 20 has a bath tub. Perhaps the others have no urge to sing.

## 25 YEARS AGO

**Times-Gazette March 4, 1905**

Miss Bessie Winter has been appointed to an important position in the local telephone office.

Mrs. A. Langley and her daughter-in-law, Mrs L. Langley, were here from Oakland this week on a visit.

Mr. and Mrs. C. C. Bacon spent a couple of days in San Francisco this week with Mr. Bacon's father, who is manager of the Savage Opera Company, which is playing at the Columbia.

Mrs. Christ entertained the ladies'euchre club at her home Thursday afternoon. Mrs. George Holden was the winner of the largest number of games and, therefore, carried off the prize.

A Lowenstein and George Winter have been elected delegates to represent Embarcadero Camp, No. 256, Woodmen of the World, at the district convention that convenes in San Francisco on March 8th.

Charles Curran and Allan Bowie left on Thursday for Tonopah and Goldfield, where they expect to go into business. Both young man are not only popular, but are hustlers, and their friends have no doubt that they will make their way in these noted mining camps.

Quite an exciting race was witnessed by passengers on the 5:45 train Thursday evening. An automobile started from the Belmont station with the train and continued with it along the county road. The auto was able to hold its own all the way, and when Finger's bridge was reached, where it had to slow down, it was silghtly in the lead.

Joseph F. Greer, with his family, departed for Palo Alto this week after a residence here of five years. He has erected a blacksmith shop and home on his property adjoining the college town. Mr. Greer has a large circle of friends in this county who wish him success and happiness.

A letter from Asa T. Weeks states that he is in San Diego and is about to start on a prospecting tour thru Mexico. Mr. Weeks has had considerable mining experience in the northern gold fields and his many friends in this county hope that he wil strike it rich in the old republic.

Jas. V. Swift is having an additional room built on his building on Bridge street, where he will have his presses and an electric motor to suply the power. Piles were driven so as to secure a good foundation for the press.

## *Sequoia Seniors To Present Play Friday Evening*

That the cast for the senior play, "The Romantic Young Lady," is progressing in good style was the statement of Mr. Claude Van Patten coach of the play, which will be presented in the high school auditorium Friday evening. A matinee of the play is to be presented Thursday afternoon. Tickets are 50 cents at Ryan's Drug Store or at the school box office.

The action of the play takes place in modern Spain. Rosario (Enid Mays) is a modern girl with the old-fashioned idea that her sweetheart must be very romantic and do exactly as she wishes. She accidentally becomes acquainted with Luis Felipe de Cordoba (Roger Litner) and they fall in love with each other. Luis is a distinguished novelist, and although he is willing to be romantic, he sees the humor of the situation.

Rosario becomes jealous of Amalia (Helen Schwarzkop), a Spanish dancer), although she will not admit that she loves Luis.

Marco (Jim Sandoe), Pepe (Walter Vander Kamp), and Emilio (Jim Esneault), Rosario's three brothers have adventures and fall in love, and this makes Rosario want to have a romantic time also.

Dona Barbita (Charlotte Rider) is the grandmother of the romantic young lady and counsels her when she is in trouble. Dona has been married three times, but still believes in it. Marie Pepe (Marjorie Stevens) is the life-long companion of Dona Barbita. She is a spoiled servant and treats her mistress like a small child.

Don Juan (Ed Blasdel) is fifty years old and tries to live up to his name. Guillermo (George Beale) is the companion of the novelist. Irene (Thelma Hogevoll) is a minor part.

Thelma portrays the secretary of the novelist.

"The Romantic Young Lady" has become the favorite of little theaters all over the country," stated Mr. Van Patten. "Stanford produced it two years ago, but as far as I know, we are the first high school to do so."

## *Tomorrow Last Day For Registration*

Today and tomorrow are the last days for registration in order to vote at the municipal election, to be held on April 14. In order to assist those whose work occupies them during the daytime, County Clerk Elizabeth M. Kneese will keep her office open until 9 o'clock tonight and tomorrow.

In addition to the county clerk registrations may be made with the following special deputies:

United Cigar Store, 2074 Broadway; Ryan's Drug Stores, 1030 Main street and 2009 Broadway; Albert F. Bullivant, 216 Fuller street; Alice B. Collins, 522 Roosevelt avenue; Dora Davis, 920 Stambaugh street; Marie Deeney 64 Arch street; Grace Hartsough, 450 Clinton street; Charles Delucchi, Orchard avenue.

The municipal election this year will be an important one, as $55,000 in bonds for public improvements, will be voted on, and three councilmen will be elected.

## *Carpenter Sues For Injuries Received*

Charging that has has been permanently disabled, as a result of injuries received while at work in the pit of a Halfmoon Bay service station, Marius H. Kast, Halfmoon Bay, has filed suit against the proprietor of the station, Joseph Biagini. Kast charges that as a result of a heavy casing falling upon his head while he was working in the pit, he suffered a fractured skull, concussion of the brain and impaired eyesight. He asks $25,446 as damages. He is represented by Jas. E. Waddell, Oakland attorney.

If you don't answer the questions the census taker asks you, he can send you to jail. Don't forget that warns the local census office, quoting a warning by Robert P. Lamont, secretary of commerce.

# MENLO NOTES

**Resolution for Street Improvement In Stanford Park Adopted**

All the members of the city council were present at the meeting held Tuesday evening. Two lengthy petitions were read from residents of Stanford Park asking that their names be withdrawn from the protests formerly filed with the council against street improvements. They were now prepared to accept the estimates given by the city engineer and were in favor of the improvements as planned. Both petitions were filed.

The sum of $25 was appropriated as expenses for meetings of mayors held in various places at the instance of H. A. Mason. Mayor Ellis attended these conferences, held for the benefit of these municipalities.

George A. Kneese, city engineer presented a long communication urging the adoption of the best material in the Stanford Park proposed improments. He urged the council to avoid adopting patented pavements in the work. He strongly argued in favor of the improvements and stressed the idea of putting in a high grade of improvements as they would be the cheapest in the end.

Blake read the monthly report of the chief of police showing that the sum of $744 had been collected during the past month, $371.50 from licenses and $373.50 from fines. Fifty-one arrests were made during the month.

The nuisance ordinace was read for the second time but its final adoption was put over until the next meeting.

The big event of the meeting then took place. The street improvement question was taken up for discussion. The matter was deferred to this meeting last month. Chairman Ellis stated that the council had received considerable information since that time and was ready to act. He said that only 46 per cent of the property owners in Stanford Park had signed protests and that the other 54 per cent wanted the work to proceed, according to Resolution 29-1. He introduced a resolution overruling the protests and asking that bids be called for.

Walker favored the resolution in a few remarks. Weeden thought that the question was so near fifty fifty that the resolution should be defeated and therefore moved that the protests be sustained. This was seconded by Dale. Attorney David representing the Menlo Realty Co., asked that the resolution be denied. He threatened an injunction if the work were proceeded with. He hinted that the proceedings were not regular and could be defeated in court.

Blake, when told that the original petitions for the improvements contained over fifty per cent of the property owners, declared for the resolution.

Attorney Barnett of San Jose, representing The Progressive Society of Stanford Park, launched into a long speech knocking into a cocked hat the argument of David. Barnett paid a high tribute to the ability and honesty of the city engineer, George A. Kneese. He eloquently urged the work to be done and with the very best material.

George A. Kneese was imperative in his statement that only good material be used in the proposed improvement. After considerable discussion a vote was taken on Weeden's motion as follows, Weeden and Dale, yes; Walker, Ellis and Blake, no. The resolution was then adopted, Weeden and Dale voting no. The usual resolution was then adopted calling for bids according to resolution 29-1. Said bids are to be opened on Wednesday evening, April 2 at 8 o'clock. The resolution was opposed by Weeden and Dale.

A letter was read from residents of Stanford Park saying that if the council would accept the foundation in the Gurnsey building the negro question could be settled, as a white man was ready to purchase the property and thus end the vexatious question. The request was laid over. A few of the councilmen thought the building ordinance should be adhered to

Building Inspector Harcom presented plans for a two story building to be erected at the corner of Oak Grove and Mills avenue. The plans were laid over because the council is about to adopt a temporary ordinance that might be in conflict with the proposed building. The property is now in the residential district, but the planning commission is about to make a business block of that property.

An ordinance establishing fire limits was read for the first time, to be adopted later.

The council adjourned to meet next Tuesday evening to take up special matters.

**Menlo Park Fire District Election April 7**

The Menlo Park Fire District will hold an election on April 7 to elect a trustee. The term of C. R. Walter expires. He will be a candidate for re-election. He is to be opposed by James B. Howell of Atherton. Howell is a son-in-law of Mrs. Wales.

**Bear Gulch Water Company About To Build Reservoir**

The Bear Gulch Water Company has asked for bids on a million gallon concrete reservoir to be constructed at Woodside. This is being done to supply the demands made on the water system by residents in the Woodside district. The company it is understood, will raise the Bear Gulch dam eighteen feet this summer. The dam is now full to capacity. The raising of the dam will add a million more gallons to the reservoir. The company agreed with the state railroad commission to spend $3,000,000 in improving the plant within two years and the present expenditure is a part of the plan.

**Former Menlo Boy Opens Law Office in Los Angeles**

Lasher Gallagher, a former Menlo Park boy and for years a court reforter for the superior court of this county, has opened a law office in Los Angeles. He is doing a brisk business in the southern city. Mr. Gallagher had a lucrative practice in San Francisco but moved south, to give an opportunity to his wife to enter the movies at Hollywood. Mrs. Gallagher is accounted the most beautiful woman in California, with a decided talent for the screen.

**Statement of W. E. Dale, Incumbent Trustee, and Candidate April 14**

My residence in Menlo Park dates from 1904, and I have resided here continuously from that year. I purchased a home in 1908, and entered into the grocery business in 1922. I have paid property, personal and business taxes since that time.

My interests, therefore, are in every way wholly dependent upon the growth of Menlo Park and the prosperity and contentment of its citizens.

As a turstee I have had no thought or desire other than the betterment of our community, and have endeavored at all times to express my earnest and honest conviction as to the best procedure for Menlo Park.

Being in my store on the corner of the highway and Santa Cruz avenue from 7 a. m. until 7 p. m. every day, I have seen and talked with a great many of our residents, and I have felt that my every action as trustee has been in accord with the wishes of the majority.

If re-elected, I shall continue that policy, and do everything in my power to make Menlo Park a better place in which to live and do business.

ZONING: As a trustee, I have always favored the adoption of an adequate and fair zoning ordinance to not only regulate new construction, but also to protect that already here. One year ago I urged the adoption of the Zoning Ordinance then ready, but the three majority members "blocked" action, and it is still unsettled.

NEGROES: I am absolutely opposed to the sale to negroes of property among white people. I believe that if this present situation had been handled right from the very start we would not be in the "mess" we are in. We must now, however take care not to involve the city in damage suits.

STREET IMPROVEMENTS: I am in favor of the proposal by the Stanford Park Property Owners Association that a thorough study be made of the street improvement problem in conjunction with the sewer, water, gas and flood water situation, and will work with our citizens to develop a sane, economical program which is worked out with the property owners affected.

I am absolutely opposed to having the paid employees of some outside selfish interests come into our city and endeavor to put through any of their schemes. I know that the property owners of Menlo Park are competent to handle their own affairs, and that they are alive and awake to the trend of modern city development. As far as I am concerned, I will never vote to force upon our citizens anything that they do not want, but when a good majority of them have had a voice in deciding what should be done and ask the council to take the necessary steps, I shall fight for them.

As a city trustee, I shall always work with the members of the sanitary, fire and lighting district commissioners, in all matters for the protection and benefit of our city.

If re-elected, I shall continue to fight to keep our appointed officials out of politics and on the jobs for which they are paid. I firmly believe that policemen should do police duty, firemen fight fires, building inspectors inspect buildings, street cleaners clean streets, and dog catchers catch dogs.

Signed W. E. DALE

**Menlo Park Sanitary District Retains Same Officials**

At the election on Monday for two trustees for the Menlo Park Sanitary district, John Glunz received 76 votes and Lawrence Cook 71. They were incumbents and were unapposed.

The other members of the board are Ira Lillick, chairman, Emma J. Stribling and Hugh Porter. Harry Morey is the general manager of the district.

**Woman Sues Hospital And Two Physicians**

Mrs. Fatima White this week started action for damages against the South San Francisco hospital, Dr. Mark Lessard, and Dr. Edwin I. Bartlett for $15,000. The plaintiff charges that while she was under an anesthetic during an operation at the hospital, she had been severely burned by a hot water bottle being left against her leg.

PALO ALTO, CALIFORNIA

# SAN MATEO SEEKS MORE INFORMATION ON SCHOOL DISTRICT'S ANNEXATION

## *Opinion Filed Here By Attorney General Is Held Not to Cover Case of Beresford District*

The status of the Beresford district, recently annexed to the city of San Mateo, as to the payment of school taxes, still remains somewhat of a riddle to those involved. At least the city of San Mateo through City Attorney J. E. McCurdy has asked for further information from District Attorney Swart.

The matter was brough up by County Auditor Edward Stack. Stack, desiring to arrange the school funds, asked for a statement by the district attorney as to whether the territory annexed, a part of the Sequoia high school district and of the Belmont grammar school district, became through the annexation a part of the San Mateo high school district, the San Mateo grammar school district and of the San Mateo junior college district.

District Attorney Swart asked for an opinion on the matter from Attorney General U. S. Webb.

The matter is of interest to those involved as it means a change in their tax rate. If it is ruled that the property becomes a part of the San Mateo high school and grammar school districts, the change will be a saving of 37 cents per hundred dollar valuation to the property owners of the territory. But, if it is ruled that the territory also becomes a portion of the San Mateo junior college district, it will result in an increase of 4 cents over the rate which they now are paying to the Sequoia high school and Belmont grammar school districts.

The matter of the junior college district is still left in doubt by the opinion which the attorney general sent out this week, according to McCurdy. The opinion written by Assistant Attorney General Frank English follows:

March 10, 1930.

Honorable Franklin Swart,
District Attorney,
San Mateo County,
Redwood City California.

Dear Sir:

We have had correspondence with you in the matter of the contemplated annexation of the city of San Mateo and the incorporated city of Belmont. This annexation would carry with it the annexation of the Belmont school district which has heretofore been a part of the Sequoia Union High school district. As such a part of the Sequoia Union High school district, the property in the Belmont school district has been subject to certain taxation to pay bonded indebtedness of the Sequoia Union High school district. By being annexed to the city of San Mateo, the elementary Belmont school district will be made a part of the San Mateo Union High school district. There is no property in the Belmont school district constructed thereon out of the moneys realized from Sequoia Union High School district bond issues.

Your question is what becomes of the heretofore existing obligation against the property in the Belmont school district for bonded indebtedness of the Sequoia Union High School district.

Also, does this property so located in the Belmont school district become subject to the bonded indebtedness of the San Mateo Union High School district?

Section 2.72 of the School Code of this state provides that "when property is taken from one school district and annexed to another, such territroy thereby becomes liable to taxation for the bonded indebtedness of the district to which it is annexed—."

Under the provisions of the above section, the property of the Belmont School district becomes liable for the bonded indebtedness of the San Mateo Union High School district along with the other property in said San Mateo Union High School district.

I am further of the view that the property in the Belmont School district will be relieved from the bonded indebtedness of the Sequoia Union High School district.

You have suggested that if we apply the above sections, there would be a possibility that if, for instance, Belmont carried an assessed valuation to such a great degree as does Redwood City, then the holders of the Sequoia Union High School district bonds might be jeopardized with reference to the security which prior to this annexation they would have.

You suggest that there are limitations on the amount of bonds that can issue and be delivered. You assume this limit to be 5 per cent of the assessed valuation. You then suggest that bonds might be issued and sold to the full limit and thereafter half of the district might become annexed to San Mateo. Thereupon we would have a 10 per cent. liability, and th property owner of Belmont would at the same time be subjected to a bonded liability of the San Mateo Union High School district with reference to which he had no opportunity to vote.

So far as your first suggestion is concerned, I am of the view that if in an extreme case bond holders of the Sequoia Union High School district could show that by reason of such annexation the security of their bonds were jeopardized, they could by equity follow the property located in the Belmont school district and through court procedure compel such action by way of taxation or otherwise as would protect them in the security of these bonds. This, of course, would very seldom happen and is more or less of an academic proposition, but I have suggested what I consider to be the answer to your question in the event of bond owners being jeopardized so far as the real value of their bonds is concerned.

As for your second question, I have never heard questioned the proposition that if statutory procedings are duly and regularly followed in the matter of the annexation of a portion of one school district to an adjoining school district, it is lawful to have that property so added subjected to the burden of bonded indebtedness previously incurred by the district to which this territory is annexed, and we here have such a burden imposed upon the territory added, not by voluntary action of the people of this added territory, but rather by the superior authority of the state legislature.

Yours very truly,
U. S. WEBB,
Attorney General
By FRANK ENGLISH,
Deputy

It is claimed by the San Mateo officials that the opinion of the attorney general deals with the possibility of the annexation of Belmont to San Mateo, rather than with that of Beresford.

**Why It Is to My Advantage To Shop in Redwood City**

The following essay won first prize for adults in The Retailers' recent essay contest. Won by William Anderson of GARDINER'S sales staff:

¶ It is to my advantage to buy in Redwood City because I can secure just as good merchandise just as cheaply at home as in some distant city. I save time and money because I do not have the traveling expense and inconvenience of going out of town to buy. Besides, I am able to make a more speedy and satisfactory adjustment if necessary; because I have learned to expect not only full value for my money, but friendly and honorable dealing. Buying in local stores also gives me an opportunity to meet friends as well as make a satisfactory purchase.

¶ Buying in the local stores is much easier than buying in out of town stores because the local merchant is much more able to serve my individual needs. The local merchant concentrates on his own community, makes frequent surveys and leanrs the wants of the particular type of people who live in his community. Therefore, he knows what class of merchandise should be carried.

¶ I take personal pride in buying at home. Local merchants pay taxes, contribute to local charity and to the upbuilding of our community, which adds to the community payroll. Property increases in value and as a property owner, I would benefit. Population grows, land sites become more valuable and new industries are located in the town. Every new house built in the community increases the value of every other house.

¶ I would be able to send my children to bigger and better schools, go to better churches, because, as the community expands and population grows, better schools and churches are needed.

## WOODSIDE

The Woodside bus line that was owned and operated for nearly ten years by A. A. Hosford, was sold this week by the executors of Mr. Hosford's estate to J. H. Heiser. Mr. Heiser has been in business here for a number of years and promises the same regular and courteous service that has been maintained in the past. The new bus, purchased by Mr. Hosford just before his death, was included in the transfer with the franchise.

Mr. and Mrs. George Doig who have been tenants for the past year of Mrs. Emma Andreen are moving to a house on the Jackling place, where Mr. Doig is employed.

A chimney fire called the fire department to the home of John D. Short on Saturday last. The blaze was quickly extinguished with small damage.

The card party to be given by the Parent-Teacher Association on the evening of March 22 will offer as an added attraction, an hour of entertainment provided by some specially imported talent.

Good news for the people of Woodside was contained in the announcement that the Bear Gulch Water Co. will enlarge its storage capacity by building another reservoir in the hills behind us. The fear of water shortage is always with us.

L. E. Beck, proprietor of the Live Oak market, is adding a line of groceries to his meat and vegetable market.

Mr. and Mrs. William Langley are entitled to the dignified titles of grandpa and grandma. Their daughter Elsie, who is now Mrs. Bothwell of San Jose, has presented the first granddaughter to the Langley family.

Mr. and Mrs. Edward Wobber are leaving on Friday for a trip to Mexico. They will be gone for three weeks.

BANK OF ITALY IS GUIDING THOUSANDS SUCCESS-WARD

**Let this world-famous bank help you steer a course toward *success***

THE PACIFIC TELEPHONE AND TELEGRAPH COMPANY

**Gas**

**—a safe fuel for heating your home**

Facts published by "The National Board of Fire Underwriters" prove that gas fuel is the safest of all fuels.

Furthermore, physicians know that gas fuel is absolutely safe when burned in MODERN, UP-TO-DATE appliances. Perhaps you recall the old portable heating appliances which were connected with a flimsy rubber hose to a gas pipe. These appliances were not vented and the results were often unpleasant. People blamed the gas fuel. As a matter of fact, the blame should really have been placed upon the poorly-designed appliances. To judge modern gas-fired equipment upon the basis of such obsolete equipment is like comparing coal oil lamps with modern electric lights.

In modern heating appliances, gas fuel burns in a steel firebox. The invisible products of combustion go outdoors through a chimney—just as smoke does from any fire. In no way can the gas escape into your home. That is why gas fuel produces healthful heat.

In addition, gas burns clean without any smoke or dirt. It is the easiest fuel to control and you can have an even, warm temperature in your home without any effort on your part.

For full details about heating equipment that burns gas fuel, see a heating contractor or phone or call at our office.

No. 218774

Whereas J. A. HATTER and NORMA ANN HATTER, his wife and S. W. HATTER and ANNA MIZELL HATTER on the 29th day of October, 1928, made and executed to California Pacific Title & Trust Company, a corporation, as trustee for Anna B. Bowen, a deed of trust, which said deed of trust was recorded on the 2nd day of November, 1928, in the office of the County Recorder of the County of San Mateo, State of California, in Book 365 of Official Records, at page 458; and

WHEREAS the said Anna B. Bowen, on the 3rd day of November, 1928, assigned to James Robertson and Carrie T. Robertson, his wife, the said deed of trust, which said assignment was recorded on the 21st day of November, 1928, in the office of the County Recorder of the County of San Mateo, State of California, in Book 386 of Official Records at page 65; and whereas the said James Robertson and Carrie T. Robertson, his wife, on the 4th day of October, 1929, assigned to William Webb the said deed of trust, which said assignment was recorded in the office of the County Recorder of the County of San Mateo, State of California, in Book 443 of Official Records at page 139; and

WHEREAS the said J. A. Hatter and Norma Ann Hatter, his wife and S. W. Hatter and Anna Mizell Hatter, trustors in said deed of trust named and each of them have committed a breach of their and each of their obligation thereunder and are in default in the payment of interest and principal thereunder, and

WHEREAS the said William Webb, the present owner, holder and beneficiary of and under said deed of trust, because of the aforesaid default, and pursuant to the terms of the said deed of trust, has elected to sell or cause to be sold, the said real property in said deed of trust described, to satisfy the obligation secured thereby, and by notice, dated the 7th day of November, 1929, has given notice of such breach, and of his election to cause the said property to be sold by recording said notice on the 12th day of November, 1929, in the office of the County Recorder of the County of San Mateo, State of California, in Volume 438 of Official Records at page 500, and

WHEREAS more than three months have now elapsed since the recording of said notice, and

WHEREAS on the 7th day of November, 1929, the said William Webb, the present holder of and beneficiary under the said deed of trust, notified the said California Pacific Title and Trust Company, a corporation, as such trustee aforesaid, of his election to sell, or cause to be sold, the said real property, and demanded and directed the said California Pacific Title and Trust Company, a corporation, as said trustee, to sell the said real property under the power and authority conferred upon it and in accordance with the said deed of trust, to satisfy the said obligation and to accomplish the objects and purposes of the trusts created by said deed of trust;

NOW, therefore, pursuant to the said notice and demand, and in accordance with the terms of and under the authority conferred by the said deed of trust, the California Pacific Title and Trust Company, a corporation, as such trustee, does hereby give notice that on Saturday, the 15th day of March, 1930, at the hour of ten o'clock A. M. of said day, at the main entrance to the County Court House of the County of San Mateo, in the City of Redwood City, County of San Mateo, State of California, it will sell at public auction, to the highest bidder, for lawful money of the United States of America, all that certain real property in the County of San Mateo, State of California, described as follows:

BEGINNING at a redwood post 0' .18x0' .30 marked "O" standing on the right bank of the San Gregorio Creek and from which bears the corner to sections 15-16-21 and 22, Township 7 South, Range 4 West, North 52° 41' West and 766.24 feet distant, a laurel tree 7.30 feet in circumference and marked W. T. O. with nail in "O", said nails bears North 83 deg. 04' West and 16.05 feet distant, thence along top of right bank of San Gregorio Creek the following courses and distances, South 88 deg. 02' West 24.57 feet to a redwood post 0' .18x0' .30 marked "1", North 43 deg. 28' West 53.04 feet to a redwood post 0' .18x0' .30 marked "2", North 16° 42' East 50.79 feet to a redwood post 0' .18x0' .30 marked "3"; North 23 deg. 53' East 49.97 feet to a redwood post 0' .18x0' .30 marked "4"; North 1 deg. 50½' East 33.81 feet to a redwood post 0' .18x0' .30 marked "5"; thence leaving the top of the right bank of San Gregorio Creek N. 85 deg. 02' East 55.66 feet to a 2"x2" fir stake marked R-1; North 15 deg. West 4.00 feet to station "6" from which center on an "O" on the Southerly side of flume course North 87 deg. 45½' West, bears North 15 deg. 24' West and 1.55 feet distant; North 74 deg. 04' East at 3.30 feet the Southerly side of a flume bears North 15 deg. 56" West and 0.50 feet distant 122.04 feet to a redwood post 0' .18x0' .30 marked "7" from which the Southerly side of the aforesaid flume bears North 15 deg. 56' and 1.00 feet distant; thence leaving aforesaid flume South 80 deg. 39½' East 95.87 feet to a redwood post 0' .18x0' .30 marked "8" standing on the top of the right bank of the San Gregorio Creek marked a redwood stump 7.50 feet in diameter "W. S. 8", nail in center in lower half of 8, bears South 26° 02' East and 4.95 feet distant; thence along the right bank of the San Gregorio Creek the following courses and distances, South 40 deg. 51' West 71.40 feet to a stake in redwood post 0' .18x0' .30 marked "9"; South 33 deg. 13' West 88.22 feet to a redwood post 0' .18x0' .30 marked "10"; South 44 deg. 58' West 72.13 feet to a redwood post 0' .18x0' .30 marked "11"; South 82 deg. 12' West 76.12 feet to a redwood post 0' .18x0' .30 marked "12" from which a point on the center line of a bridge across the San Gregorio Creek, said point being at the Northerly face of the most Northerly top plank in floor of said bridge, bears South 10 deg. 25' and 1.69 feet distant; thence South 80 deg. 46' West 19.94 feet to the point of beginning.

Together with the appurtenances thereunto belonging, or in any wise appertaining, and the rents, issues and profits thereof.

Dated: February 15, 1930.

**NOTICE OF TRUSTEES' SALE**

No. 2820

NOTICE IS HEREBY GIVEN that default having been made in the payment of the promissory note and sums secured by that certain deed of trust executed by Mary E. BRECK and JAMES BRECK, her husband, to GEO. M. MITCHELL and J. DIMMER, as trustees for the benefit of HOME MUTUAL DEPOSIT-LOAN COMPANY, a corporation, as beneficiary, dated May 25, 1929, and recorded May 29, 1929, in Volume 420 of Official Records, page 59, et seq., in the office of the County Recorder of the County of San Mateo, State of California;

And notice of such default and of the election of said beneficiary to cause the property described in said deed of trust to be sold to satisfy the obligations secured by said deed of trust, having been recorded by said beneficiary, the owner and holder of the obligations and indebtedness secured thereby, on the 15th day of November, 1929, in the office of the County Recorder of the County of San Mateo, State of California, in Volume 447 of Official Records, page 191;

And demand having been made upon the undersigned, as trustees under said deed of trust, by said beneficiary, that said undersigned sell the premises by said deed of trust conveyed and hereinafter described as in said deed of trust provided;

NOW THEREFORE, in accordance with the terms and conditions and under the authority of said deed of trust, and in pursuance of a resolution passed and adopted on the 12th day of November, 1929, by the Board of Directors of said Home Mutual Deposit-Loan Company, the owner and holder of the promissory note hereinbefore referred to, declaring that default in the payment of the principal and interest on said promissory note has been made and requesting and directing the undersigned as trustees under the power and authority conferred upon said trustees by said deed of trust, and in pursuance of said resolution, to sell said real property described in said deed of trust and hereinafter particularly described, to satisfy said indebtedness, the undersigned, GEO. M. MITCHELL and J. DIMMER, hereby give notice that on Monday, the 17th day of March, 1930, at the hour of 10:30 o'clock A. M. of said day, at the office of HOME MUTUAL DEPOSIT-LOAN COMPANY, No. 228 Montgomery Street, in the City and County of San Francisco, State of California, they will sell at public auction to the highest bidder, for cash in Gold Coin of the United States, all that certain real property, with improvements thereon, situate, lying and being in the Town of Redwood City, County of San Mateo, State of California, and described as follows, to-wit:

Lot numbered one (1) in Block numbered twelve (12) as shown on that certain map entitled "Map of Eagle Hill Addition, Being Re-Subdivision of Blocks 5, 6, 8, 9, 11, 12, 13, 14, 15, 18, 19 and 20 of the Jas. A. Robinson's Subdivision, Redwood City, San Mateo County, California," filed in the office of the County Recorder of San Mateo County, June 24, 1903, in Book 6 of Maps at page 22 thereof.

TERMS OF SALE: Cash, ten (10%) percent payable to the undersigned at the fall of the hammer, balance upon delivery of deed, and if not so paid, the said ten (10%) percent to be forfeited and the sale to be void.

DATED: February 18, 1930.

**NOTICE OF TRUSTEE'S SALE**

Whereas, JACOB C. LEONHART and NELLIE A. LEONHART, his wife, Trustors, did make, execute and deliver a certain deed of trust dated the 1st day of June, 1925, to ANGLO - CALIFORNIA TRUST COMPANY, a corporation, as Trustee, and LEONARD & HOLT, a California corporation, Beneficiary, conveying the land hereinafter described, to secure the payment of the promissory note in said deed of trust mentioned, which said deed of trust was recorded in the office of the County Recorder of the County of San Mateo, State of California, in Liber 181 of Official Records, at page 196, on the 4th day of August, 1925; and

WHEREAS, said Deed of Trust and the debt thereby secured was duly transferred and assigned by the said LEONARD & HOLT, a California corporation, to LENOLT NATIONAL SECURITIES CORPORATION, a corporation, on the 13th day of June, 1929, which said assignment was duly recorded in the office of the County Recorder of San Mateo County, State of California; and

WHEREAS default has been made by said Trustors in the payment of the obligation secured by said deed of trust; and

WHEREAS, notice of the breach of said obligation has been given by said LENOLT NATIONAL SECURITIES CORPORATION, a corporation, by recording said notice on the 29th day of October, 1929, in Vol. 442 of Official Records, at page 311, Records of the County of San Mateo County, State of California;

NOW THEREFORE, pursuant to the demand of the Beneficiary and in accordance with the terms of said deed of trust, the Trustee hereby gives notice that on the 25th day of March 1930, at the hour of 2 o'clock P. M., at the place of business of said Trustee, at 532 Market Street, San Francisco, California, it will sell at public auction to the highest bidder for cash, Gold Coin of the United States of America, payable to the undersigned on the fall of the hammer, all that certain real property situate in the Town of Redwood City, County of San Mateo, State of California, and bounded and described as follows, to-wit:

Commencing at a point in the northeasterly line of Lot numbered eight (8) in Block numbered six (6) as shown on the map hereafter referred to, said point is further described as being the southwesterly line of Avenue Del Ora and distant thereon measured in a southeasterly direction 47.44 feet from the northwest corner of aforesaid lot 8, block 6, thence in a southeasterly direction along aforesaid southwesterly line of Avenue Del Ora 47.45 feet to a point in said line; thence leaving said line crossing and subdividing aforesaid Lot 8, S. 20° 20' 24" W. 96.96 feet to the southwesterly line of aforesaid Lot 8; thence along said line N. 74° 37' W. 42.93 feet to a point in said line; thence leaving said line crossing and subdividing aforesaid Lot 8, N. 18° 06' E. 92.18 feet to the point of commencement.

Being a portion of Lot numbered Eight (8) in Block numbered Six (6) as shown on that certain map entitled "New High School Acres, Redwood City, California," filed in the office of the County Recorder of San Mateo County June 25, 1923 in Book 11 of Maps at Pages 36, 37 and 38.

**NOTICE OF TRUSTEES' SALE OF REAL ESTATE.**

Default having been made in the payment of the indebtedness secured by and in the performance of the covenants contained in that certain deed of trust made and executed by PETER KOEHORST and CILLA KOEHORST, his wife, as trustors, to P. P. CHAMBERLAIN and J. L. ROSS, as trustees, for SAN MATEO COUNTY BUILDING AND LOAN ASSOCIATION, as beneficiary, dated December 26th, 1926, and recorded in Volume 262 of Official Records, page 303, San Mateo County Records, and notice of default and breach and election to sell, and intention to cause the property mentioned and described in said deed of trust to be sold to satisfy the obligation of the trustors, secured by said deed of trust, having been recorded by beneficiary on October 22nd, 1929, in Volume 444 of Official Records, page 128, San Mateo County Records, and more than three months from the date of the recording of said notice of default and breach and election to sell having elapsed, and P. P. Chamberlain, one of said trustee, being now dead, and Asa E. Hull having been appointed a new trustee in the place of said P. P. Chamberlain, deceased, by instrument in writing duly executed by said beneficiary and recorded in the office of the recorder of the county of San Mateo, state of California, and demand having been made by said San Mateo County Building and Loan Association, beneficiary, that the undersigned trustees sell in accordance with the terms and conditions of said deed of trust all of said premises, or such part thereof as they shall find necessary to sell in order to accomplish the objects of this trust,-

NOTICE IS HEREBY GIVEN, that on Tuesday, the 18th day of March, 1930, at the hour of ten o'clock a. m. at the front door of the county court house of the County of San Mateo, state of California, the undersigned trustees will sell at public auction to the highest bidder for cash in gold coin of the United States all that certain land and real property situate and being in the county of San Mateo, state of California, and known and described as follows, towit:

Beginning at a point on the southwesterly line of Nueva Avenue at a point where the line dividing lots 29 and 30 is shown upon the map hereinafter referred to intersects the same, and running thence northwesterly and along said southwesterly line of Nueva Avenue 75 feet; thence at right angles southwesterly and parallel to the line dividing said lots 29 and 30, 101.5 feet; thence at right angles northeasterly and parallel to said southwesterly line of Nueva Avenue 75 feet; and thence at right angles northeasterly on and along said line dividing lots 29 and 30, 101.5 feet, to the point of beginning, and being a porton of said Lot 29 as shown upon that certain map entitled, "Map of the Lee Tract, Redwood City, Cal." which was filed in the office of the County Recorder of San Mateo County, October 17, 1905 in Book "E" of Original Maps at page 42, and copied into Book 3 of Maps at page 79 thereof, to which said map and the record thereof reference is hereby made and the same made a part hereof.

**In Re Petition of ROWLEY INVESTMENT COMPANY, Inc., to Exclude Land From Subdivision Known as "Mansquoia Tract."**

**NOTICE OF HEARING PETITION FOR DECREE OF THE ABOVE-ENTITLED COURT VACATING AND EXCLUDING LANDS FROM SUBDIVISION.**

NOTICE IS HEREBY GIVEN that the verified petition of THE ROWLEY INVESTMENT COMPANY, INC., was filed herein on the 13th day of February, 1930, petitioning the above-entitled Court for an order and decree of said Court vacating that certain map and subdivision known as "Mansquoia Tract" as the same appears on that certain map recorded on the 27th day of November, 1912, in the office of the County Recorder of San Mateo County, California, in Volume 8 of Maps at page 33, San Mateo County Records.

Said Court has set the hearing of said petition for the 20th day of March, 1930, at 10:00 o'clock a. m., in the court room of said Court in Redwood City, San Mateo County, California, and all or any persons desiring to object to the granting of said petition are advised that they may file any objection they may have to the granting of said petition in said matter at any time before the said 20th day of March, 1930.

Dated: February 13th, 1930.

**NOTICE OF TRUSTEE'S SALE**

WHEREAS, CARRIE E. BRYAN, a single woman, and LYLE L. BRYAN, a single man, Trustors, did make, execute and deliver a certain deed of trust dated the 1st day of March, 1926, to ANGLO-CALIFORNIA TRUST COMPANY, a corporation, as Trustee, and LEONARD & HOLT, a California, corporation Beneficiary, conveying the land hereinafter described, to secure the payment of the promissory note in said deed of trust mentioned, which said deed of trust was recorded in the office of the County Recorder of the County of San Mateo, State of California, in Vol. 216 of Official Records at page 306, on the 11th day of March, 1926; and

WHEREAS, said Deed of Trust and the debt thereby secured was duly transferred and assigned by the said LEONARD & HOLT, a California corporation, to LENOLT NATIONAL SECURITIES CORPORATION, a Delaware corporation, on the 13th day of June, 1929, which said assignment was duly recorded in the office of the County Recorder of the County of San Mateo, State of California; and

WHEREAS, default has been made by said Trustors in the payment of the obligation secured by said deed of trust; and

WHEREAS, notice of the breach of said obligation has been given by said LENOLT NATIONAL SECURITIES CORPORATION, a Delaware corporation, by recording said notice on the 14th day of November, 1929, in Vol. 445 of Official Records, at page 159, Records of the County of San Mateo, State of California;

NOW THEREFORE, pursuant to the demand of the Beneficiary and in accordance with the terms of said deed of trust, the Trustee hereby gives notice that on the 25th day of March, 1930, at the hour of 2 o'clock p. m., at the place of business of said Trustee, 532 Market Street, San Francisco, California, it will sell at public auction to the highest bidder for cash, Gold Coin of the United States of America, payable to the undersigned on the fall of the hammer, all that certain real property situate in the Town of Redwood City, County of San Mateo, State of California, and known and described as follows, towit:

Beginning at a point on the southwesterly line of Nueva Avenue at a point where the line dividing lots 29 and 30 is shown upon the map hereinafter referred to intersects the same, and running thence northwesterly and along said southwesterly line of Nueva Avenue 75 feet; thence at right angles southwesterly and parallel to the line dividing said lots 29 and 30, 101.5 feet; thence at right angles northeasterly and parallel to said southwesterly line of Nueva Avenue 75 feet; and thence at right angles northeasterly on and along said line dividing lots 29 and 30, 101.5 feet, to the point of beginning, and being a porton of said Lot 29 as shown upon that certain map entitled, "Map of the Lee Tract, Redwood City, Cal." which was filed in the office of the County Recorder of San Mateo County, October 17, 1905 in Book "E" of Original Maps at page 42, and copied into Book 3 of Maps at page 79 thereof, to which said map and the record thereof reference is hereby made and the same made a part hereof.

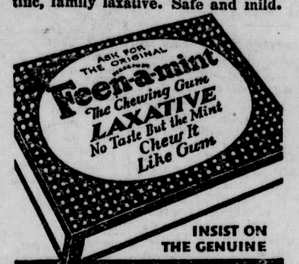
tired every morning?

Get poisons out of the system with Feen-a-mint, the Chewing Gum Laxative. Smaller doses effective when taken in this form. A modern, scientific, family laxative. Safe and mild.



INSIST ON THE GENUINE

Feen-a-mint

FOR CONSTIPATION

Cold in Head, Chest or Throat?

RUB Musterole well into your chest and throat—almost instantly you feel easier. Repeat the Musterole-rub *once an hour for five hours* ... what a glorious relief!

Those good old-fashioned cold remedies—oil of mustard, menthol, camphor—are mixed with other valuable ingredients in Musterole.

It penetrates and stimulates blood circulation and helps to draw out infection and pain. Used by millions for 20 years. Recommended by many doctors and nurses. Keep Musterole handy—jars, tubes. All druggists.

*To Mothers—Musterole is also made in milder form for babies and small children. Ask for Children's Musterole.*

MUSTEROLE

BETTER THAN A MUSTARD PLASTER

Always Original

"What, after all, is the biggest child problem?" "How to answer little Willie's questions!"

Denver Mother Tells Story

Nature controls all the functions of our digestive organs except one. We have control over that, and it's the function that causes the most trouble.

See that your children form regular bowel habits, and at the first sign of bad breath, coated tongue, biliousness or constipation, give them a little California Fig Syrup. It regulates the bowels and stomach and gives these organs tone and strength so they continue to act as Nature intends them to. It helps build up and strengthen pale, listless, underweight children. Children love its rich, fruity taste and it's purely vegetable, so you can give it as often as your child's appetite lags or he seems feverish, cross or fretful.

Leading physicians have endorsed it for 50 years, and its overwhelming sales record of over four million bottles a year shows how mothers depend on it. A Western mother, Mrs. R. W. Stewart, 4112 Raritan St., Denver, Colorado, says: "Raymond was terribly pulled down by constipation. He got weak, fretful and cross, had no appetite or energy and food seemed to sour in his stomach. California Fig Syrup had him romping and playing again in just a few days, and soon he was back to normal weight, looking better than he had looked in months."

Protect your child from imitations of California Fig Syrup. The mark of the genuine is the word "California" on the carton.

Take Your Choice

If a man's income is small and he needs money, he is broke. If his income is large and he needs money, he is financially embarrassed.—American Magazine.

When Rest Is Broken

*Health Suffers When Kidney Irregularities Disturb Sleep.*

IF troubled with bladder irritations, getting up at night and constant backache, don't take chances. Help your kidneys with *Doan's Pills*. Recommended the world over. Sold by dealers everywhere.

50,000 Users Endorse Doan's:

Mrs. Clara Nieder, 696 Engle Ave., Detroit, Mich., says: "I had dizzy spells and a persistent backache. I felt so tired that I couldn't do my housework. The kidney secretions were too frequent and broke my rest at night. After taking Doan's Pills I felt fine."

DOAN'S PILLS

A Stimulant Diuretic to the Kidneys

# Lonely Hearts

WILBERT has a heart of gold. Will no one tell him what's the matter—why girls turn pale, and gracious matrons freeze at his approach? Yes, *we* will. This has gone far enough. Get a new pipe, Wilbert, and break it in gently, thoughtfully, with Sir Walter Raleigh's favorite smoking mixture. When the curling wisps of its fragrance surround you, everything will be changed, Wilbert.

**How to Take Care of Your Pipe**

(*Hint No. 3*) To make your pipe sweet from top to heel, smoke *all* the pipe load when you break it in, or fill the bowl half full the first few times so that the heel, and not merely the top, will be broken in. Send for our free booklet. "How to Take Care of Your Pipe." Brown & Williamson Tobacco Corporation, Louisville, Kentucky, Dept. 97.

*It's milder*

**Garfield Tea**
**Was Your Grandmother's Remedy**

For every stomach and intestinal ill. This good old-fashioned herb home remedy for constipation, stomach ills and other derangements of the system so prevalent these days is in even greater favor as a family medicine than in your grandmother's day.

*for* **Coughs** Take Boschee's Syrup and coughing stops at once! Relieves where others fail. Contains nothing injurious—but, *oh*, so effective! GUARANTEED.

**Boschee's Syrup**
*At all druggists*

Love makes the world go round, but revenge tries to square it.

Help others and it will help you to forget your own troubles.

**Acidity**

The common cause of digestive difficulties is excess acid. Soda cannot alter this condition, and it burns the stomach. Something that will neutralize the acidity is the sensible thing to take. That is why physicians tell the public to use Phillips Milk of Magnesia.

One spoonful of this delightful preparation can neutralize many times its volume in acid. It acts instantly; relief is quick, and very apparent. All gas is dispelled; all sourness is soon gone; the whole system is sweetened. Do try this perfect anti-acid, and remember it is just as good for children, too, and pleasant for them to take.

Any drug store has the genuine, prescriptional product.

**PHILLIPS Milk of Magnesia**

## Seeing Big League BASEBALL

By BILLY EVANS
Sportswriter, Big League Umpire and General Manager of the Cleveland Indians

During the 22 years I spent in the majors, I experienced many a thrill, but if you asked me the greatest one of my career, I would say it happened in the opening game of the 1929 season. It concerned the debut of Earl Averill. He was the young man I was banking on to fill Tris Speaker's shoes and be a most important cog in the effort to make the Indians over from a seventh place club to a first division possibility.

After purchasing Averill from the San Francisco club, the youngster had a disagreement with that team over his share of the purchase price. The two couldn't get together and, since I had $45,000 invested in Averill, I decided it was wise for me to make a hurried trip to the coast and see if I couldn't help iron out the difficulties. I arranged to do so and decided to personally chaperon Averill from Los Angeles to our training camp, so as to be sure he would report on time.

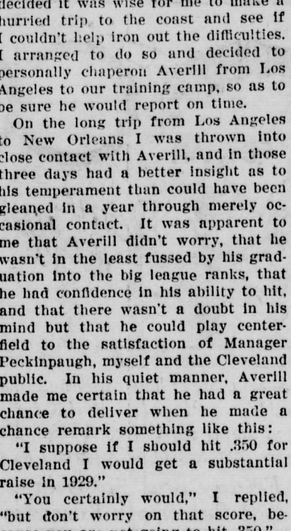
On the long trip from Los Angeles to New Orleans I was thrown into close contact with Averill, and in those three days had a better insight as to his temperament than could have been gleaned in a year through merely occasional contact. It was apparent to me that Averill didn't worry, that he wasn't in the least fussed by his graduation into the big league ranks, that he had confidence in his ability to hit, and that there wasn't a doubt in his mind but that he could play centerfield to the satisfaction of Manager Peckinpaugh, myself and the Cleveland public. In his quiet manner, Averill made me certain that he had a great chance to deliver when he made a chance remark something like this:

"I suppose if I should hit .350 for Cleveland I would get a substantial raise in 1929."

"You certainly would," I replied, "but don't worry on that score, because you are not going to hit .350."

"Maybe not, but I'll wager a couple of suits of clothes with you that I finish .320 or better."

"If you can do that, you will make me look like a smart guy in buying you, also .320 will be enough to get the substantial raise you are talking about. You can buy yourself a



**Earl Averill, High Priced San Francisco Recruit, Who Made Good in Cleveland on First Pitched Ball.**

couple of suits with my compliments out of that." That one speech of Averill's impressed. It wasn't conceit, nor ego, but simply sublime confidence; he believed in himself. He more than made good on that .320 speech. His batting average in his first year in the majors was .331. He made 18 homers, more than any Cleveland player has ever made.

But to get back to my greatest thrill. Averill came to the American league well press agented. In spring training he had shown flashes of the great ability that made him an outstanding star on the coast. The critics said he would step right into the picture and deliver. That Cleveland fans would pronounce him almost as good as Speaker, that some might like him as well, or even better. It was quite a job the experts had chiseled out for the young man.

When Averill stepped to the plate for the first time in the majors, it was at Dunn field, in Cleveland, with Detroit as the opposing team and Earl Whitehall, one of the best southpaws in the game, as the rival pitcher. It was no soft spot for a left hander. Averill walked to the plate with the nonchalant stride that is characteristic of him, stepped into the batter's box with his 44 ounce bat, the heaviest in baseball, resting seemingly lightly on his shoulder. Whitehill wound up to deliver the ball and still Averill didn't seem very much interested. As it neared the place, he began his rythmic swing. It was anything but a "Ruthian" effort, but the timing was perfect. The ball sailed far over the right field wall for a home run. It was the biggest thrill of my career, for never did I want anyone to make an auspicious start more than I did Averill. He made good on one pitch with the Cleveland fans. He continued to make good throughout the season.

(©, 1930, Bell Syndicate.)

### Orwoll to Portland

Oswald Orwoll, pitcher and outfielder for the Philadelphia Athletics, has been released to Portland of the Pacific Coast league in the Keesey-Mahaffey deal, Thomas L. Turner, president of the Portland club, has announced. Turner said that Orwoll would be used at first base. With the announcement that Orwoll would go to the Beavers, the Keesey-Mahaffey deal has been closed.

## Directs Spring Rowing Practice

## COLLEGIANS FIND PRO CAGING HARD

### More Difficult in Basketball Than in Baseball.

The leap from college stardom to success in the professional ranks appears to be even harder to make in basketball than in baseball.

Of the seventy men now playing in the American Professional Basketball league only about fourteen ever went to college. Half a dozen of these are regulars.

Fort Wayne has two of the best of the collegiate products—Shang Chadwick of Wabash college, center, and Frank Shimek, Iowa, guard.

Chicago has Gilbert Ely, Michigan, who plays either forward or guard, but Gil did not learn much of his basketball at college; also Whitney Wickhorst, Michigan, and Tilly Voss, University of Detroit, both substitutes.

Rochester boasts a single collegian—Tiny Hearn—but he is big enough for two. Until they put up the new Chrysler building Tiny was in a class by himself. Towering six feet nine inches, this former star athlete at Georgia Tech is the best center in the league at getting the tap.

Syracuse before losing its franchise had done more experimenting with college men than any other club in the league, using Eddie Wineapple, Providence college; Gotch Carr, former running mate of Vic Hanson on one of the best of all-Syracuse university teams; Allen, another ex-Orange player, and Gillian, who is working his way through Syracuse university by playing the professional game. The one and only Nat Holman also belongs with the coonskin coat brigade, as he attended Savage Institute and C. C. N. Y., but it was not at college that he learned to dribble and shoot.

—

Ray Barbuti, former Syracuse collegian and American hero of the 1928 Olympic games, announces his retirement—for this season at least—from track athletics.

The former Syracuse flyer competed in the sprint series of the annual Newark A. C. games, but his insurance business hadn't kept him in condition. He ran the full 50 yards of the first sprint event, but was left at the post in the 60-yard race and turned out to be a poor fifth in the 70-yard race.

—

Atlanta Crackers of the Southern league won't have to worry about managerial material this year.

"Head" Manager Johnny Dobbs, the new Cracker boss, who won the Southern title for Birmingham last year, has four former pilots on his roster.

They are Milton Stock, former pilot of the Dallas Steers of the Texas league, third base; Jimmy Johnston, former Chattanooga boss, shortstop; Jack Sheehan, manager of Elmira of the New York-Pennsylvania league in 1928, second base, and Red Wingo, ex-manager of Columbus of the American association, catcher.

—

Intercollegiate boxing at Annapolis has outgrown the commodious facilities at McDonough hall.

The problem of handling the crowds has become so troublesome that Annapolis athletic authorities have decided to institute a ticket system for all the rest of the dual meets on the Navy schedule this year. It means that the fans will have to order well in advance to secure seating accommodations.

—

More than twenty-five of this year's 159 major league recruits are former college athletes, a check of the rosters of the sixteen clubs revealed today.

The Cleveland Indians will carry south nine collegians, the most prominent of which is Bruce Caldwell, All-America back (1928) from Yale.

Three former University of Michigan pitchers will try for major league berths. Pete Jablonowski, formerly with Cincinnati, will be tried out by Cleveland; William McAfee will get a trial with the Chicago Cubs, and Fred Adbeck, measuring six feet six inches, will be looked over by the New York Yankees.

Howard Harpster, all-America quarterback on the 1928 Carnegie Tech football team, has signed a two-year contract to coach at Geneva college.

—

Glenn Warner, Stanford coach, like Bob Zuppke of Illinois, finds a diversion and avocation in painting landscapes and still-life studies

## New Dodger Scout

Joe Becker, former Pacific coast and International league umpire and well and popularly known among Chicago newspaper circles, has been signed as scout for the Brooklyn Dodgers.

## Sporting Squibs

Herbert Rushing, Mississippi university baseball player, has signed a contract with the Detroit Tigers.

* * *

No one has yet thought of arranging a game of water polo between Carnera and a battleship. That may come later.

* * *

Hollis Hand, Princeton sophomore, is heralded as one of the coming sprint stars of the eastern intercollegiate field.

* * *

Wally Roettger, St. Louis Cardinal outfield, coaches basketball at Illinois Wesleyan college, Jacksonville, Ill., in winter.

* * *

What with all the dollar-a-year men playing shortstop, we should imagine they could pay a first-class ballplayer $85,000.

* * *

Of the players who were members of the Athletics in 1913, only Connie Mack, Eddie Collins and Wally Schang, are now on the roster.

* * *

Chick Creaton, boxing writer of Bridgeport, Conn., has been appointed a referee by State Boxing Commissioner Thomas Donohue of Connecticut.

* * *

A polo tournament was played recently in Peiping, China, by more than ten British, American and French teams from Peiping, Shanghai and Tientsin.

* * *

On three occasions late in the last century the Syracuse club of the old Eastern league played three games in one day, twice winning all of them, once against Scranton and once against Rochester.

* * *

"I am glad to see this Carnera is doing well and probably will remain in New York," says a friend. "I believe he is the party who has always sat next to me, on the two-man seat in the bus."

* * *

Tom Thorp, veteran official, says Caridco, Notre Dame's All-American quarterback, is different: "I call him 'Fish Eyes.' He is the only quarterback I ever worked behind who didn't tip off his plays."

* * *

Harry Vardon, in his younger days the world's greatest golfer, averaged 81.5 strokes per round, according to a compilation of last year's championship and tournament competition in Great Britain.

* * *

The late Joe McGinnity, "Iron Man" pitcher, hit 41 batters with pitched balls in 1900, but led the National league hurlers that season with a winning percentage of .769. He later mastered control.

* * *

A purse snatcher in New York rounded a corner into the arms of 150 patrolmen leaving a police station. Nothing like it had occurred since Tony Uansa started around left end at the Tournament of Roses.

* * *

Chattanooga gets three more Nationals, leaving Walter Johnson with only 28 players to manage. Latest to go to the Lookouts are Harley Boss, first sacker; Ed Wineapple, southpaw slabman, and Arthur Freeman, outfielder.

# POULTRY

## RAPID GROWTH IN RAISING TURKEYS

### Fowls Utilize Areas of Otherwise Profitless Land.

The turkey industry has made a rapid growth in Idaho in recent years, says Pren Moore, extension poultry specialist with the University of Idaho college of agriculture. It has grown since 1922, when turkeys were rather insignificant in volume, until now it has become an important industry in point of volume. The bulk of the original stock was small and of poor quality. There was very little native stock at that time which was suitable for breeding purposes. There were a few breeders in the state who had been importing good breeding stock, but the general average was of inferior quality.

The increased volume soon attracted the large produce dealers, who began bidding for the business. Grades, conforming to those in general use throughout the country, were applied. Not until then did the growers realize the value of breeding to improve the quality of the stock. The few good local breeders were unable to supply the demand for better breeding stock. Breeding stock was imported on a large scale. Some of it was of high quality while much was inferior, but most of it was an improvement over the average of the native stock. Improvement was rapid, which developed a rapidly growing interest in turkey breeding as an enterprise.

Demand for better breeding stock led to a system of accreditation similar to that attaining such success in the poultry industry. The popularity of this accreditation work in turkey raising, says Mr. Moore, is apparent from the growing demand for the service.

### Clean Ground Essential for Turkey Success

Recent findings have shown that the organism which causes blackhead in turkeys lives in the soil. Consequently if turkeys are raised on contaminated soil they can hardly escape the disease. The danger will to a large extent be averted if a three-year rotation is followed.

Experimental findings have shown that the cecal worm found in chickens is a menace to the turkey. It is believed that if the young turkeys are affected with cecal worms the injury they do to the lining of the intestinal walls is sufficient to permit the entrance of blackhead organisms into the blood stream, thus infecting the bird with the incurable disease and the one most dreaded by turkey breeders. The remedy, therefore, is to keep the young turkeys on clean ground and entirely separate from chickens.

**************************

### Poultry Hints

**************************

To get best results, chicks of no breed should be hatched after the first of May.

* * *

If due attention is not paid to the vitamines in the ration, disappointments are in store.

* * *

The late hatched chicks are subjected to many parasites and diseases which the earlier ones escape.

* * *

Oyster shell, limestone or other limebearing material help to supply hens with the calcium they need.

* * *

The summer egg production from the early maturing pullets is just as good as from the late maturing pullets.

* * *

See that the house receives no moisture because of location, and make sure that lack of ventilation does not create moisture within.

* * *

Thorough examination of the interior of the poultry house for mites and bedbugs might reveal legions of these unwelcome guests. If they are present, paint the roosts, roost supports, and rear wall with pure carbolineum.

* * *

It is almost impossible to do a good job of culling if the farm flock has been improperly fed.

* * *

Most of the heavier breeds will give better results if hatched previous to April 1. The chicks not only grow better but the pullets will start laying earlier in the fall.

* * *

Experiments have proved that chickens can be kept in confinement throughout their lives, without restricting their growth or egg production.

* * *

Tuberculosis in poultry can be definitely diagnosed by a post mortem or by the tuberculin test given by a veterinarian.

* * *

Frequent culling of the slow-feathering and slow-growing birds during the range period makes the culling job easier when the chickens are housed.

* * *

Photoelectric cells have been applied to an egg candling machine. It automatically selects the bad eggs and rejects them as they pass on a belt in front of the cell.

* * *

Greenstuff, succulent and fresh, is absolutely necessary for the breeding stock to give good results.

* * *

The trap-nest records show that the high producers of the flock are the pullets that lay four or five dozen eggs before March 1.

* * *

Eggs to be incubated should be selected with care. All eggs will not produce chicks. On the other hand there are many fertile eggs which may produce chicks undesirable for rearing.

**Needless Pain!**

Don't be a martyr to unnecessary pain.

Lots of suffering is, indeed, quite needless.

Headaches, for example. They come without warning, but one can always be prepared. Bayer Aspirin tablets bring immediate relief. Keep a bottle at the office. Carry the small tin in your pocket. Then you won't have to hunt a drugstore, or wait till you get home.

And don't think Bayer Aspirin is only good for headaches, sore throats, and colds! Read the proven directions for relieving neuralgic, neuritic, rheumatic, and other aches and pains. Remembering, of course, that the quick comfort from these tablets is not a cure; for any continued pain, see a doctor.

Bayer Aspirin is genuine. Protect yourself by looking for that name. Always the same. Always safe. Never hurts the heart.

**BAYER ASPIRIN**

Aspirin is the trade mark of Bayer Manufacture of Monoaceticacidester of Salicylicacid

### 'First Aid—Home Remedy Week" Coming

The Good Samaritan is pictured as "The First First Aid" in the national reminder which has been sent to druggists all over America, announcing the 9th anniversary of "First Aid—Home Remedy Week," fixed for March 16-23.

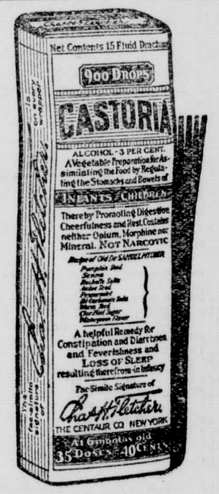
The idea of an advertising-merchandising one-a-year drive timed with spring house cleaning was given to the drug world by Sterling Products, Incorporated, in 1922. Preparedness for meeting accident or sudden illness is emphasized as a sensible and seasonable sales plan which serves to alleviate needless suffering and undoubtedly save life.

The National Association of Retail Druggists sponsored this ad-sales plan and later added Pharmacy Week as an autumn festival for intensive advertising and salesmanship in the drug world.

The National Wholesale Druggists Association and the National Association of Drug Clerks have joined the N. A. R. D. in establishing these festivals of selling as Spring and Autumn fixtures for the welfare of humanity.

"Fill That Medicine Chest Now" is the slogan of "First Aid—Home Remedy Week," and has been from the beginning. It was Dr. William E. Weiss, himself a graduate from the ranks of retail druggists, who first saw the value of "First Aid—Home Remedy Week," and wherever live-wire druggists have co-operated by showing a window filled with suggestive first aids for both accident or illness, and using their home newspaper advertising space, they have added cheerfully to their March business.

*For any* **BABY**



We can never be sure just what makes an infant restless, but the remedy can always be the same. Good old Castoria! There's comfort in every drop of this pure vegetable preparation, and not the slightest harm in its frequent use. As often as Baby has a fretful spell, is feverish, or cries and can't sleep, let Castoria soothe and quiet him. Sometimes it's a touch of colic. Sometimes constipation. Or diarrhea—a condition that should always be checked without delay. Just keep Castoria handy, and give it promptly. Relief will follow very promptly; if it doesn't, you should call a physician.

All through babyhood, Castoria should be a mother's standby; and a wise mother does not change to stronger medicines as the child grows older. Castoria is readily obtained at any drugstore, and the genuine easily identified by the Chas. H. Fletcher signature that appears on every wrapper.

## SON OF PIONEER ON VISIT TO SCENES OF FATHER'S EARLY DAYS

By D. E. O'KEEFE

The visit this week of Dayton Snyder to Redwood City is like turning back the pages of history. Mr. Snyder is spending a few weeks with his cousin, Mrs. William Byrnes of Woodside. Accompanied by his wife, he left his home in Dayton, Ohio, on December last, making the trip across the continent in an automobile driven by his chauffeur. He is a wealthy real estate operator of the city after which he was named, and where he saw the light of day fifty-three years ago.

This is Mr. Synder's first visit to Redwood City. He came to view the scenes where his father, the late S. H. Snyder, achieved greatness and was honored in the dim past by the people of Redwood City and San Mateo county. The elder Snyder came to Searsville, when that town was a bustling village in 1860 to work in the saw mills. He he met and married Miss Boyd, one of the two pretty Boyd sisters, belles of that locality at that period. The other sister became the wife of the late Thomas Shine at one time supervisor of this township.

Mr. Snyder was elected assessor of San Mateo county in 1863, having made the race for the office on the Union ticket. His associates were A. F. Green, assembly; H. A. Schofield, district attorney; Thomas A. Noble, clerk; Joseph S. Keith, sheriff; John Ackerson, treasurer; William A. Clark, tax collector; R. O. Tripp, public administrator; A. S. Easton, county surveyor; W. C. Crook, superintendent of schools; Horace Hawes, state senator; Supervisors, first township, F. E. Pierce; second township, George H. Howard third township, J. Q. Shurber; fourth township, Peter Towne; and fifth township, L. Hill. The entire ticket was elected.

Synder made a splendid record as assessor. In 1865 Snyder's friends prevailed upon him to make the run for sheriff. He made a good canvass for the office but was defeated by Thomas W. Lathrop who received 648 votes against his opponent's 544.

Snyder did not retire from politics. When the city of Redwood City was incorporated in 1867 he became the first treasurer of the young city, having been chosen by a large vote. The officials elected with him were trustees, S. S. Merrill J. W. Ackerman, J. H. Titus and L. A. Parsons, John C. Edgar, marshall, Andrew Teague, assessor. Snyder held the position for several terms but in the seventies left for Dayton, Ohio, where this week's visitor to Redwood City was born.

During his residence in this city, Snyder became a close friend and associate of the late Dr. S. S. Stambaugh, after whom Stambaugh street was named. When the doctor passed away some years ago he left a third of his estate to Dayton Snyder, out of friendship for his father.

Time has taken its toll. There is only one man left in the county that now recalls Snyder and that man is Jens Hansen of Redwood City, who recently celebrated his 94th birthday.

In his boyhood Dayton Snyder was told the story of his father's political achievements in San Mateo county, the beauties of Redwood City and its potential possibilities. He learned the tale well from his father, and it was with keen interest he recounted the many incidents of his parents in this locality in the days when this country was embroiled in a bloody war.

He will depart in a few days for the east carrying with him pleasant memories of Redwood City, the place where his parents began life's journey together.

RELIABLE WOMAN—wants position as housekeeper for one or two persons. Reference. Call Redwood 1361 between 1 and 3 p. m. Res. 103 Linden St. 3-14-3tp.
